Steve Hackett Geoffrey Feakes, 2025-08-15 Guitarist Steve Hackett first came to many fan's attention when he joined Genesis in 1971. Following seven excellent albums with the band, he went his own way in 1977. He had already kick-started his solo career with the critically acclaimed Voyage of the Acolyte in 1975, but 25 studio albums have followed, making him the most prolific member of the classic Genesis line-up. In the 1980s, he also formed the successful GTR band with Yes guitarist Steve Howe. Steve Hackett's solo work has embraced rock, prog, classical, blues, pop, jazz and world music, while his most recent electric album At The Edge of Light released in 2019, is perhaps his best since the classic Spectral Mornings in 1979. On stage, he has kept the Genesis flame burning brightly, performing the band's classic material from the 1970s, alongside his solo work. This book examines, in detail, each one of Steve's studio albums, including Under A Mediterranean Sky, released in 2021 and traces his long and varied musical history. Collaborations, live albums and compilations are also discussed, making this the most comprehensive guide to the music of Steve Hackett yet published. Whether the reader is a diehard fan or someone wishing to catch-up on his post-Genesis work, this book is essential reading. Geoffrey Feakes is an author and music journalist. He has published two previous books, The Moody Blues On Track in 2019 and The Who On

Track in 2020. He has been a writer for the Dutch Progressive Rock Page since 2005 with hundreds of reviews and interviews to his credit. He first saw Steve Hackett on stage with Genesis in 1972 and has followed his career ever since. He lives in Wakefield, West Yorkshire, UK.

Chapter and Verse Tony Banks, 2007 This book is the first time in over 20 years that Tony Banks, Phil Collins, Peter Gabriel and Mike Rutherford have collaborated creatively on a project, working together to create the complete history of Genesis. It is a story that spans 30 years and 30 albums selling a staggering 212 million copies worldwide. It embraces world tours that have played to 25 million people and it covers the high-profile departure over the years of one vocalist, (Peter Gabriel), one highly influential guitarist (Steve Hackett) and their best-known drummer and vocalist (Phil Collins). Key fellow members of the band, management, road crew and entourage have also been interviewed, including Jonathan King (their first manager, who got Genesis signed to Decca in 1967), long-time cohort and road manager Richard MacPhail, Anthony Phillips (guitarist, founder member to 1970), Tony Smith (manager since 1973), drummers Bill Bruford, Chris Stewart and John Silver, and Ray Wilson, the Genesis vocalist after Phil Collins.

The Billboard Guide to Progressive Music Bradley Smith, 1997 This is a guide to progressive music from Pink Floyd and Tangerine Dream to Popol Vuh and Throbbing Gristle, providing a look at the music that goes beyond the boundaries of the main stream.
