

Hebrewism Of West Africa

Joseph J. Williams

Hebrewisms of West Africa Joseph J. Williams, 1999 In this massive work, Joseph J. Williams documents the Hebraic practices, customs, and beliefs, which he found among the people of Jamaica and the Ashanti of West Africa. He initially examines the close relationship between the Jamaican and the Ashanti cultures and the folk beliefs. He then studies the language and culture of the Ashanti (of whom many Jamaicans have descended) by comparing them to well known and established Hebraic traditions. William's findings suggest stunning similarities. And, he challenges the reader by concluding that Hebraic traditions must have swept across negro Africa and left its influence among the various tribes. While Williams presents a strong case, his evidence, including hundreds of quoted sources, also builds a strong case for the reverse--that an indigenous, continent-wide belief system among African people stands at the very root of Hebrew culture and Western religion. First published in 1931 and long out-of-print, today's reader will find Hebrewisms a valuable resource for understanding the cultural unity of African people.

Hebrewisms of West Africa, from Nile to Niger with the Jews Joseph John Williams, 1999

Hebrewisms of West Africa Joseph J. Williams, 2019-04-09 2019 Reprint of 1930 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition software. This book is the result of the author's five-year study of the West Indian Black in Jamaica followed by eleven years of research on Hebrewism in Africa. Williams attempts to trace the diffusion, from the Nile to the Niger, of the many Hebrewisms that are to be found among the tribes of West Africa, especially the Ashanti. His goal is to establish the continuity of the Old Testament concept of a Supreme Being in its diffusion throughout the world and especially among the tribes of West Africa.

We the Black Jews Yosef Ben-Jochannan, 1993 Dr. Ben destroys the myth of a white Jewish race and the bigotry that has denied the existence of an African Jewish culture. He establishes the legitimacy of contemporary Black Jewish culture in Africa and the diaspora and predates its origin before ancient Nile Valley civilizations.

The Jewish Family in Global Perspective Harriet Hartman,2024-07-01 This book contains a collection of chapters about the Jewish family across different parts of the world, with contributions representing Africa (Ivory Coast and Ethiopia), Latin America, Australia, Europe (Germany), Russia, Israel, Canada, Indian families in Canada, and a comparative chapter of Ba'a lot Teshuva in the US and Argentina. Where much existing research and literature on the dynamic process of intermarriage and (Jewish) family life has taken primarily a historical approach, here the authors together present a broad, global, comparative approach. The book uses an open systems model to organize comparisons between Jewish families the world over. Each case study focuses on Jewish family life in a particular country or region of the world and, taken together, cover an extensive range of topics - including but not limited to: demographic and socio-economic description of the Jewish families; immigration patterns; family roles; family engagement in Jewish life; marriage formation; interfaith families; same-sex couples/parenting - surveying the extant research and/or reporting on new research about contemporary families, within the historical context. The book therefore presents a novel framework for understanding the variations in Jewish families to highlight what Jewish families the world over have in common (whether within the microsystem of the family or in the family's relationships with the environment), as well as using the open systems model to explain main types of difference between the various regions.
