Changing Is Not Vanishing Robert Dale Parker, 2011-06-03 Until now, the study of American Indian literature has tended to concentrate on contemporary writing. Although the field has grown rapidly, early works—especially poetry—remain mostly unknown and inaccessible. *Changing Is Not Vanishing* simultaneously reinvents the early history of American Indian literature and the history of American poetry by presenting a vast but forgotten archive of American Indian poems. Through extensive archival research in small-circulation newspapers and magazines, manuscripts, pamphlets, rare books, and scrapbooks, Robert Dale Parker has uncovered the work of more than 140 early Indian poets who wrote before 1930. *Changing Is Not Vanishing* includes poems by 82 writers and provides a full bibliography of all the poets Parker has identified—most of them unknown even to specialists in Indian literature. In a wide range of approaches and styles, the poems in this collection address such topics as colonialism and the federal government, land, politics, nature, love, war, Christianity, and racism. With a richly informative introduction and extensive annotation, *Changing Is Not Vanishing* opens the door to a trove of fascinating, powerful poems that will be required reading for all scholars and readers of American poetry and American Indian literature.
