**A Dictionary of Catch Phrases** Eric Partridge,2003-09-02 An abridged version of Eric Partridge's Dictionary of Catch Phrases, concentrating on those phrases in current use in the English-speaking world.

**The Globalization of Strangeness** C. Rumford,2013-01-21 The figure of the stranger is in serious need of revision, as is our understanding of the society against which the stranger is projected. Under conditions of globalization, inside/outside markers have been eroded and conventional indicators of 'we-ness' are no longer reliable. We now live in a generalized state of strangeness, one consequence of globalization: we no longer know where our community ends and another one begins. In such circumstances it is often the case that neighbours are the nearest strangers. Strangeness occurs when global consciousness outstrips global connectivity and this means that we need to rethink some core elements of globalization theory. Under conditions of strangeness the stranger is a 'here today, gone tomorrow' figure. This book identifies the cosmopolitan stranger as the most significant contemporary figure of the stranger, one adept at negotiating the 'confined spaces' of globalization in order to promote new forms of social solidarity and connect with distant others.

**Shorter Dictionary of Catch Phrases** Rosalind Fergusson,2003-09-02 This collection will appeal to everyone who has ever wondered about the origin of phrases like all part of life's rich pattern and long time no see. It covers a wide range of catch phrases in current use in all parts of the English-speaking world. Most entries are drawn from the second edition of Eric Partridge's Dictionary of Catch Phrases (second edition, edited by Paul Beale), but have been completely rewritten in the light of recent research, and there are many additions. Catch Phrases include: close your eyes and think of England! have I got news for you! ... refreshes the parts that other ... cannot reach some mothers do'ave'em! you are awful, but I like you.

**A Companion to Sport** David L. Andrews,Ben Carrington,2013-09-10 A Companion to Sport brings together writing by leading sports theorists and social and cultural thinkers, to explore sport as a central element of contemporary culture. Positions sport as a crucial subject for critical analysis, as one of the most significant forms of popular culture Includes both well-known social and cultural theorists whose work lends itself to an interrogation of sport, and leading theorists of sport itself Offers a comprehensive examination of sport as a social and cultural practice and institution Explores sport in relation to modernity, postcolonial theory, gender, violence, race, disability and politics
