Shape the Future of Health Care Commission on the Future of Health Care in Canada, Roy J. Romanow, 2002 This is the first report of the commission appointed to undertake dialogue with Canadians on the future of Canada's public health care system and to make recommendations for ensuring the long-term sustainability of the system. It focusses on results of the fact-finding work of the commission and begins with an overview of the commission's research process. The main section reviews what the commission heard & learned regarding four themes: Canadian values and how they are & should be reflected in the Canada Health Act; health system sustainability & funding; health care quality & access; and leadership, collaboration, & responsibility. The final section discusses three major challenges to be addressed in the next phase of the commission's work, a national consultation with Canadians. The appendix includes a summary of commission work during the fact-finding phase and information on the commission's research program.

La Tulipe Noire Alexandre Dumas,1918 Cornelius von Baerle, a respectable tulip-grower, lives only to cultivate the elusive black tulip and win a magnificent prize for its creation. But after his powerful godfather is assassinated, the unwitting Cornelius becomes caught up in deadly political intrigue and is falsely accused of high treason by a bitter rival. Condemned to life imprisonment, his only comfort is Rosa, the jailer's beautiful daughter, and together they concoct a plan to grow the black tulip in secret. Dumas' last major historical novel is a tale of romantic love, jealousy and obsession, interweaving historical events surrounding the brutal murders of two Dutch statesman in 1672 with the phenomenon of tulipomania that gripped seventeenth-century Holland.
