Life After Cars Sarah Goodyear,Doug Gordon,Aaron Naparstek,2025-10-21 NATIONAL BESTSELLER From the hosts of The War on Cars podcast, a searing indictment of how cars ruin everything—and what we can do to fight back When the very first cars rolled off production lines, they were a technological marvel, predicted to make life easier and better for all Americans; yet a hundred years later, that dream is running on empty. Instead of unbounded freedom, the never-ending proliferation of automobiles has delivered a host of costs, among them the demolition of our neighborhoods, towns, and cities to make way for car infrastructure; an epidemic of violent death; countless hours lost in traffic; isolation from our fellow human beings; and the ongoing destruction of the natural world. Globally, SUVs alone now emit more carbon than the nations of Germany, South Korea, or Japan. That's why we need Life After Cars. Through historical records, revealing interviews, and unflinching statistics, Sarah Goodyear and Doug Gordon, hosts of the podcast The War on Cars, and former host Aaron Naparstek unpack the scale of damage that cars cause, the forces that have created our current crisis and are invested in perpetuating it, and the way that the fight for better transportation is deeply linked to the fight for a more equitable and just society. Cars as we know them today are unsustainable—but there is hope. Life After Cars will arm readers with the tools they need to implement real, transformative change, from simply raising awareness to taking a stand at public forums. It's past time to radically rethink—and shrink—society's collective relationship with the automobile. Together, let's create a better Life After Cars.

The Life She Once Knew: The Incredible True Story of Queena, The Bloomingdale Library Attack Survivor Vanna Nguyen,2020-11-10 In 1981, a young woman faced death as she lay on the floor of a small boat in the South China Sea fleeing the life she once knew in Vietnam. In 2008, her teenage daughter lay fighting for her life after being brutally raped

and abandoned while returning books at a library near Tampa, Florida. The attack in front of the Bloomingdale library left Queena with a traumatic brain injury, sentenced to a life unable to walk, see, or speak. As Vanna Nguyen lovingly poured herself into caring for her now severely disabled daughter, she also battled with reliving her own Vietnam War survival story. And she must decide, can she forgive the attacker whose unforgivable decision changed both their lives as they knew them forever? In *The Life She Once Knew*, Vanna candidly chronicles the deeply spiritual and emotionally powerful journeys of these two strong women as they fight for their lives and their futures decades apart.

Making Peace with Change Gina Brenna Butz, 2020-02-05 Change is hard. Whether it's a good transition like a job promotion or a bad disruption like a devastating health diagnosis, it's stressful. Gina Brenna Butz shares her personal stories of struggling with change and encourages you to trust God. She writes with compassion as she urges you to rely on God's goodness, lean on Him for strength, rejoice that He is constant, and ultimately to find satisfaction in Him rather than in circumstances. Scripture helps you see change from the viewpoint of your heavenly Father. You can rest knowing He works all things together for the good of His children, even in seasons of stress-inducing change.

LIFE AND WORK OF KAMALA MARKANDAYA AND SHASHI DESHPANDE: A COMPARATIVE STUDY Sanjana Antil, 2021-05-06 It is said that literature is a reflection of society, the author as well as his/her literature is the product of it. It is also said that literature is the product of a given milieu and individual sensibility which constitute together a culture entity rooted in the changing traditional value system of people. The writer, as a human being, is a part and parcel of the society and so, naturally he gets influenced by the atmosphere around him. Therefore the literature coming out through him becomes the manifestation of the cultural, social, spiritual and political scenario in the society. Kamala Markandaya is one of the leading women novelists of India. She has projected the theme of cultural clashes in different dimensions. She has produced several novels to her credit. Her novels find forceful expression of cultural clashes such as conflict between Tradition and modernity, clash between the rural and urban, East-West conflict and conflict between the two different attitudes of life from two diverse races. Kamala Markandaya has brought to the centre her protagonists who are invariably women, and therefore conflicts raised by the novelist relate to women. All the characters in her novels experience troubles and turmoil's in life but they rise above their desperation triumphantly because of their aspiration. It is a fact that Markandaya commands a wide reputation as a creator of readable novels; she has received a wide-ranging recognition and applause both in India and abroad. She has been a subject of serious discussion. But it is very surprising to note that an

Indian woman novelist who has got a prominent position in India writing in English has not been able to draw the attention of critics and researchers to the extent she deserves. The articles in books and journals by their very nature remain confined to studying her novels as individual works. Book-length studies of Markandaya's novels are only a few. The proposed book will focus its attention on the conflict of nature in the novels of Kamala Markandaya through the discussion of the central characters. It will do its level best to fill in the gap and will attempt to study Markandaya's novels. Shashi Deshpande is one of the prominent writers who in the past two and a half decades established herself as a serious writer. She is undoubtedly an outstanding Indian English novelist who has boldly voiced the issues and sufferings of women in her works. She has projected this aspect of Indian women with more sensitivity and understanding as she was born and brought up in this soil. This work is to analyze about the works of Shashi Deshpande and sense her to be a Feminist or Humanist. The themes of sexuality and man-woman relationship initially introduced in her stories are discussed which became the subject of full length novels. But they are found not merely the raw material for her novels. Her versatile treatment of women's issues reveals her sensitive nature as a woman writer, and this quality affirms her works as an outstanding contribution to Indian literature in English proving her to be a humanist. Sanjana Antil

Curveballs Emma Markezic, 2019-05-01 Because sometimes, life is going to suck, and you're going to have to know how to handle it... What happens when you step on one of the great Lego pieces of life? When you get blind-sided? Thrown a curveball? When you get divorced? Or someone dies? You're going to need something more than the diarrhoea-like progression of motivational quotes we get fed on Instagram - you're going to need real-world ways to deal with a big, fat let-down. Because one will come for you, eventually. And when one came for comedian and journalist Emma Markezic in the form of a nasty cancer, despite the fact she found herself bald, broke and living alone, she felt more alive than ever. So she wanted to know why... Why does trauma affect us in such different ways? Why are some people more resilient than others? Why was she handling cancer better than other people handle a paper cut and, more importantly, was it a skill she could

teach? When she wrote an article about how learning she might die made her the happiest she'd ever been, it became a media sensation and she knew she was onto something. With dozens of expert brain morsels and more than a little humour, Curveballs is a memoir-meets-self-help manual for how to keep it together when life tries to tear you a new one. Because you'll want to be more resilient than a tardigrade in outer space when it does*. *Microscopic eight-legged animals that can withstand 1000 times more radiation than humans, live for 100 years without water and literally just hang out in space like freeloaders at a Vegas buffet. See... you learned something already!
