*The Mad Mick: Book One of the Mad Mick Series* Franklin Horton, 2018-10-03 Rock-solid characters, buzz-saw action and backstories deserving of books of their own. Amazing... Conor Maguire nearly lost his daughter Barb when she was three years old, injured by the drunk driver that killed his wife. When the justice system failed him, Conor -- the son and grandson of IRA bombers -- retaliated against the driver in dramatic and gruesome fashion. While an ironclad alibi prevented the police from pinning the murder on Conor, it did not prevent a covert agency within the US government from recruiting the talented young bomber and machinist. For over twenty-five years, Conor designed and built custom weapons of death and destruction at his compound in the mountains of Virginia. Then a series of devastating terror attacks brought down the United States. Conor and Barb assumed they were safe in their secure compound. They had food and a water source. They were armed and highly-trained. Then Barb was kidnapped. The kidnappers, needing slave labor for their farm, didn't know why Conor was known as The Mad Mick. They didn't know the fear and respect his name invoked in the shadowy world of covert operations. They didn't know that when it came to protecting his family, he was without conscience, without compassion, and without equal. But they would soon find out.

**Masters of Mayhem** Franklin Horton, 2019-01-28 Conor Maguire and his daughter Barb planned to weather the apocalypse by keeping to themselves, hidden from the world in their compound deep in the Appalachian Mountains. Their approach failed, allowing bad men to get too close and kidnap Barb. After rescuing her in a violent bloodbath that decimated the kidnappers, Conor realized it was time to enlist his community to work together to improve their security. They had better work fast. Unknown to Conor, the kidnappers he killed had a boss and he's none too happy about the loss of his men. He's marching in their direction and building an army as he goes, determined to find this Mad Mick that everyone is talking about and hang his head from a stick.

**Brutal Business** Franklin Horton, 2020-02-11 The Mad Mick Series is a post-apocalyptic fan favorite. There's no prepper tips, no helpful information, just fast-paced post-apocalyptic adventure. When newcomers arrive in Conor Maguire's territory, they bring word of an enemy approaching from the north. They wear military uniforms, carry military weapons, and drive military trucks. Like a plague of locusts, they sweep through every town in their path and pick it clean. In their wake, they leave ashes and atrocity. When it appears this enemy is on a collision course with their community, Conor must build an army

to intercept them. This is no easy task since his daughter's abrasive manner has divided the community. Their hasty alliance will be tested. Roles and relationships will be challenged. Against this larger, more highly-trained force, it falls on Conor to do what he does best. To rain chaos, savagery, and utter devastation upon his enemy. After all, there's a reason they call him The Mad Mick.

*The Big House Anthology: Diverse Plays for Diverse Casts* David Watson, Andy Day, James Meteyard, 2023-05-18 The Big House Anthology is a celebration of the last decade of work and plays by a unique theatre company, featuring five original plays that offer a chance for stories with diverse casts to contribute to the canon of theatre's literature. As a UK-based theatre company, The Big House empowers care leavers and other disadvantaged young people through performance and long-term support. Their plays are born from the hearts and minds of the young people they engage, with this anthology offering five very different plays: a runner struck down by MS; a rapper who spits and snarls and tries to find it in herself to forgive; a teenager who fights for wealth, status and respect in the underworld of county lines; a cackling cowboy they call Corona; and a dog that has been tracked, murdered and stuck in a stew. This anthology celebrates the explosive creativity that comes from mobilising and platforming diverse voices, and its importance in generating social change. Framed and introduced by directors and writers discussing their practice, along with an introduction by Jez Butterworth, this is a book for students, educators, artists, theatre-practitioners, social workers and storytellers to tell stories that are rarely told, let alone with such fierce authenticity.

*Dog's Eye and Dead Horse* Graham Seal, 2011-01-17 A comprehensive collection of Australian rhyming slang, in all its fascinating (and bawdy) glory. It's much more fun to say 'What's the John Dory?' instead of 'What's the story?' and 'Give me a Captain Cook' instead of 'Give me a look', and wonderfully cheeky to remark 'Who made the apple tart?' instead of 'Who made a fart?' But there is also a darker side to rhyming slang - it can be used like a secret code (perhaps that's why criminals have always been fond of it!). Since colonial days, Australians have used rhyming slang with great style. And as the addition of Britney Spears (beers) goes to show, rhyming slang is still very much alive. In DOG'S EYE AND DEAD HORSE, Graham Seal shares his long-held fascination with this aspect of everyday language. As well as including an A to Z section, he groups the rhymes by themes - 'the body plus its functions, its adornments and its afflictions' has the most entries. Expect irreverence, whimsy and wit. You may be shocked but you will also laugh out loud.

My Droving Days Peter Moore, Shirley Moore, 2012 Peter Moore left the city behind in 1952 to become part of a dying breed—a long distance drover. In *My Droving Days* we follow his progress through the 1950s as he rubs shoulders with the larger-than-life characters—and their dogs and horses—who trekked along the outback stock routes of western Queensland and New South Wales. Meet the world's worst cattle dog and the station hand, Charlie, who blows a laden outside toilet (and its contents) sky high; thrill to the high drama of a night rush (stampede); catch a poddy dodger in the act and live to tell the tale; literally get caught by a beast's horns; take on a brown snake while collecting wild duck eggs; or shoot a few kangaroos to feed the 27 dogs in the team. *My Droving Days* captures the real taste of the outback and the vanishing world of the overlanders, bulldust and all.

My Story Peter Cosgrove,2010-03-01 The best-selling autobiography of Australia's favourite military leader and Australia's newest Governor-General. the best-selling autobiography of Australia's favourite military leader and Australia's newest Governor-General. 'this book is my personal story, from boyhood to battlefield and beyond, written in my own words, reflecting on my life.' In 1999, General Peter Cosgrove was thrust into the full glare of the nation's spotlight following his appointment as Commander of the International Forces in East timor (INtERFET). Always in his slouch hat, he was a reassuring figure and we watched with pride the professionalism and concern of our peacekeeping forces who under his direction helped lay the foundations of a new nation. In his subsequent rise to Chief of the Army and then, in July 2002, to Chief of the Defence Force, the General cemented his reputation as a modern-day warrior chieftain as he displayed those characteristics we value most as Australians - strength, determination, intelligence, compassion and humour. In these memoirs, Peter Cosgrove writes colourfully of his early years and the influences that shaped him before deciding on a military career. We follow him from raw recruit at Duntroon to early duty in Malaysia and then Vietnam, where he won the Military Cross, through to major events in recent times, including 9/11, the 'children overboard' issue, the liberation of East timor and the conflict in Iraq. General Cosgrove is not a man who flinches from telling it how it was. the former Australian of the Year looks back over his respected and decorated military career with wit and warmth on top of the steel that made him one of Australia's most popular and widely recognised military leaders. 'A fascinating read that puts flesh on the bones of recent, and not so recent, Australian military exploits and the politics that drove them.' the Examiner

nuclear equations radioactive decay aqa bbc - Nov 29 2022

web aqa trilogy radioactive decay aqa nuclear equations with the wrong number of neutrons nuclei can fall apart a nucleus will regain stability by emitting alpha or beta particles and then

nuclear decay equations examples solutions videos notes - Feb 18 2022

web nuclear decay equations brief explanation of the three forms of radioactive emission alpha beta and gamma how to calculate the products of alpha and beta decay note this video is aimed at gcse physics students so does not discuss beta positive decay or neutrinos antineutrinos try the free mathway calculator and problem solver below to

**how can i solve nuclear equations socratic** - Oct 29 2022

web may 30 2014 answer link nuclear equations can be solved quite simply let s do one example of alpha decay and one of beta decay first a quick revision of radioactive decay during alpha decay an alpha particle is emitted from the

nucleus it is the equivalent of a helium atom i e it has a mass of 4 and an atomic number of 2

*nuclear equations 23 1 2 cie a level physics revision notes* - Aug 27 2022

web nuclear reactions can be represented by balanced equations of nuclei in the  ${}^a_z\text{X}$  form  ${}^a_z\text{X}$  notation for atomic nuclei the top number  $a$  represents the nucleon number or the mass number nucleon number a total number of protons and neutrons in the nucleus the lower number  $z$  represents the proton or atomic number

nuclear equations chemistry for majors lumen learning - Dec 31 2022

web to describe a nuclear reaction we use an equation that identifies the nuclides involved in the reaction their mass numbers and atomic numbers and the other particles involved in the reaction types of particles in nuclear reactions many entities can be involved in nuclear reactions **nuclear stability and nuclear equations video khan**
