For reader's of Raymond Khoury's The Last Templar, or the works of Dan Brown, this high-octane commercial thriller tells of a hunt for the lost prophecies of Nostradamus and the two men who will do anything to discover their secrets. Nostradamus wrote a thousand prophecies. Only 942 have survived. What happened to the missing quatrains? What secrets did they contain to make it necessary for them to remain hidden? And why did Nostradamus leave his daughter a sealed container in his will? These questions drive two men with very different desires. **The Signature of God, Revised Edition** Grant R. Jeffrey,2010-07-20 YOU CAN BELIEVE THE BIBLE. WITHOUT ANY DOUBT. As American society becomes more secularized, Christians need to know all the facts about the Bible. Dr. Grant R. Jeffrey has spent decades researching history, science, archaeology, medicine, and prophecy--finding that each discipline confirms the truth of Scripture. This revised and updated edition of The Signature of God proves that the Bible is not only accurate in its spiritual claims, but is completely reliable as well on matters of origins, medicine, history, and science. Historians of the ancient world--as well as recent archaeological finds--confirm the names of kings and kingdoms, and the dates of wars and mass migrations mentioned in the Bible. Recent breakthroughs in astronomy, physics, and medical science have shown that God's Word accurately described the universe and the processes of human life before scientific research caught up. And hundreds of fulfilled prophecies show that God revealed the future to his prophets in order to undergird the faith of his people. No matter how loudly the skeptics argue against Christian faith, only one conclusion makes sense: the Bible is God-breathed. You can believe every word, every claim, every prophecy, and every miracle. With no doubts.
