**Law Of Attraction** Zachariah Albert,2019-07-26 Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered. Here's a sneak preview of what you'll learn from this book: □What the Law of Attraction is □The Science

behind it □How to attract Love using the LOA □How to attract Money using the LOA □How to attract Happiness using the LOA □How to attract Health using the LOA □How to be more Positive using the LOA □How to Integrate the LOA into Your Daily Life □and much much more! Get your copy now!!!

Here he has collected quotes from former presidents, philosophers, business people, and more--literally like having a successful team of advisors in the bookcase.

50 American Heroes Every Kid Should Meet, 3rd Edition Dennis Denenberg, Lorraine Roscoe, 2016-08-01 How quickly can you name 50 American heroes? They can be men or women, young or old, from the past or present, living or dead, but they all must have made an exceptional positive contribution to our world. Chances are, a few names popped right up: George Washington, Abraham Lincoln, Martin Luther King Jr. After all, they have their own national holidays. Then maybe people you are studying in school, such as Thomas Jefferson, Eleanor Roosevelt, or Harriet Tubman. After that, perhaps you listed a few important people in the news— Bill Gates, Jimmy Carter, even Oprah Winfrey. Coming up with a list of 50 wasn't easy, was it? We didn't think so either, and that's why we wrote this book. Every kid needs great men and women to admire and imitate, but how can you look up to them if you don't know who they are? 50 American Heroes Every Kid Should Meet introduces readers to a diverse cast of great Americans. The remarkable stories of fifty inspiring Americans are highlighted, from Jane Addams to Louis Zamperini. Among our heroes are architects and aviators, activists and scientists, entrepreneurs and advocates. They are teachers, musicians, inventors, and athletes. Some are well known. Others deserve to be. Some of our heroes lived long ago. Others continue to enrich our world today. Our heroes share admirable qualities: exceptional talent, fierce determination, and indomitable spirit. They are courageous and confident and possess an unwavering commitment to being the best they can be.
