Encyclopedia of Asian American Folklore and Folklife Jonathan H. X. Lee, Kathleen Nadeau, 2010-12-21 This comprehensive compilation of entries documents the origins, transmissions, and transformations of Asian American folklore and folklife. Equally instructive and intriguing, the Encyclopedia of Asian American Folklore and Folklife provides an illuminating overview of Asian American folklore as a way of life. Surveying the histories, peoples, and cultures of numerous Asian American ethnic and cultural groups, the work covers everything from ancient Asian folklore, folktales, and folk practices that have been transmitted and transformed in America to new expressions of Asian American folklore and folktales unique to the Asian American historical and contemporary experiences. The encyclopedia's three comprehensive volumes cover an extraordinarily wide range of Asian American cultural and ethnic groups, as well as mixed-race and mixed-heritage Asian Americans. Each group section is introduced by a historical overview essay followed by short entries on topics such as ghosts and spirits, clothes and jewelry, arts and crafts, home decorations, family and community, religious practices, rituals, holidays, music, foodways, literature, traditional healing and medicine, and much, much more. Topics and theories are examined from crosscultural and interdisciplinary perspectives to add to the value of the work.

Costumes of Sri Lanka K. D. G. Wimalaratne, Dian Gomes, 2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural

island.

Textiles of Sri Lanka Gayathri Madubhani Ranathunga, 2024-06-22 This book highlights the role of sustainable development in ancient practices to modern innovations in the textiles of Sri Lanka. It reveals the textile of Sri Lanka from the historical age to current tech-fabrics. Supporting the sustainable development goals, this book covers the most sought-after concepts and practices in textile industry of Sri Lanka such as of maximum utilization, zero waste, eco-friendly production process, reuse, upcycling, recycling, and longevity. Various topics covered in this book are indigenous cultural textiles, women empowerment, agro-waste utilization, secondhand-fashion consumption, and many more. The book is a valuable reference for beginners, university students, researchers, and professionals interested in sustainable development in textiles and allied fields.

Buddha in Sri Lanka Swarna Wickremeratne, 2012-02-01 This book provides both an erudite and intimate look at how Buddhism is lived in Sri Lanka. While India is known as the birthplace of Buddhism, Sri Lanka is its other home; Buddhism extends back over twenty-five hundred years on the island and remains at the center of its spiritual traditions and culture. Throughout the book, author Swarna Wickremeratne incorporates a personal view, sharing stories of herself, her family, friends, and acquaintances as they lived Buddhism both during her Sri Lankan girlhood and during more recent times. This personal view makes the traditions come alive as Wickremeratne details Buddhist beliefs, customs, rituals and ceremonies, and folklore. She also provides a fascinating discussion of the Sangha, the institutional monkhood in Sri Lanka, including its history, codes of conduct, and evolution and resilience over time. Wickremeratne explores the recent attempts by many monks to reinvent themselves in a society characterized by secularization, globalization, and a tide of aggressive Christian evangelization.

NorthStar Helen Sophia Solórzano, Jennifer Schmidt, 1998 Basic Level NorthStar is an innovative five-level, integrated-skills series for learners of English as a Second Language or English as a Foreign Language. The series is divided into two

strands: listening/speaking and reading/writing. There are four books in each strand, taking students from Basic to Advanced. The two books at each level explore different aspects of the same contemporary themes such as the effect of food on mood, experimental punishments for juvenile offenders, the role of cars in modern life, privacy in the workplace, and alternative medicine. The parallel books in each strand are linked by grammar and vocabulary as well, providing the opportunity to recycle and reinforce the language while the content remains fresh and exciting.

A Sinhalese Village in Sri Lanka Victoria J. Baker,1998 The most current and detailed case study of South Asia available, this book documents the ways in which the members of a remote agricultural village cope with the dangers that plague them by employing a complex system of ritual practices and beliefs in supernatural forces. The book also addresses topics commonly neglected in other case studies, such as formal education problems in remote areas, the independent and self-confident women of the developing world, and the trials of developmental work in these areas.
