Protocols of the Learned Elders of Zion Serg'iei Nilus, Victor E. Marsden, 2003-12-01 The Protocols was supposedly written in 1897 from the minutes of 24 secret meetings between Jews and Freemasons in which they conspired to bring down Western civilization and jointly rule the world. In reality, it is nothing of the sort. In 1921, Philip Graves of the London Times revealed The Protocols to be a fraud, showing it to be based on a French satire aimed at Napoleon III. It is the most notorious and most successful work of modern antisemitism, and was used as part of a propaganda campaign by the Russian secret police in 1905.

An Appraisal of the Protocols of Zion John Shelton Curtiss, 1942 Proves the inauthenticity of the Protocols of the Elders of Zion and the falsity of the story of its provenance as presented by its publishers, Nilus and Butmi. There is no original text of the Protocols. Its writers could not be Jewish, nor could the text be compiled in 1897 (as the publishers claimed). The main source for the Protocols was Joly's *The Dialogues in Hell*; some motifs were taken from Goedsche, Drumont, and other French antisemitic writers, as well as from Solovyov's *Three Discussions*. Discusses testimonies, including those presented at trials held in Bern in 1934-35 and 1937 against disseminators of the Protocols in Switzerland, attesting to the fact that the Protocols is a forgery. Pp. 95-106 contain parallel texts from Joly's *Dialogues* and the Protocols.

The Protocols, 2016-05-12 The Protocols of the Learned Elders of Zion '.....the most notorious and most successful work of modern anti-Semitism.....' The Protocols of the Elders of Zion or The Protocols of the Meetings of the Learned Elders of Zion is an antisemitic fabricated text purporting to describe a Jewish plan for global domination. The forgery was first published in Russia in 1903, translated into multiple languages, and disseminated internationally in the early part of the 20th century. According to the claims made by some of its publishers, the Protocols are the minutes of a late 19th-century meeting where Jewish leaders discussed their goal of global Jewish hegemony by subverting the morals of Gentiles, and by controlling the press and the world's economies. Henry Ford funded printing of 500,000 copies that were distributed throughout the US in the 1920s. Adolf Hitler was a major proponent. It was studied, as if factual, in German classrooms after the Nazis came to power in 1933, despite having been exposed as fraudulent by The Times of London in 1921. It is still widely available today in numerous languages, in print and on the Internet, and continues to be presented by some proponents as a genuine document. mind to hope with any success to guide crowds by the aid of reasonable counsels and arguments, when any objection or
contradiction, senseless though it may be, can be made and when such objection may find more favor with the people, whose
powers of reasoning are superficial? Men in masses and the men of the masses, being guided solely by petty passions, paltry
beliefs, traditions and sentimental theorems, fall a prey to party dissension, which hinders any kind of agreement even on the
basis of a perfectly reasonable argument.

The Protocols of the Learned Elders of Zion Sergyei Nilus,2014-12-28 Of the Protocols themselves little need be said
in the way of introduction. The book in which they are embodied was published by Sergyei Nilus in Russia in 1905. A copy of
this is in the British Museum bearing the date of its reception, August 10, 1906. All copies that were known to exist in Russia
were destroyed in the Kerensky regime, and under his successors the possession of a copy by anyone in Soviet land was a
crime sufficient to ensure the owner's of being shot on sight. The fact is in itself sufficient proof of the genuineness of the
Protocols. The Jewish journals, of course, say that they are a forgery, leaving it to be understood that Professor Nilus, who
embodied them in a work of his own, had concocted them for his own purposes. Mr. Henry Ford, in an interview published in
the New York WORLD, February 17th, 1921, put the case for Nilus tersely and convincingly thus: The only statement I care
to make about the PROTOCOLS is that they fit in with what is going on. They are sixteen years old, and they have fitted the
world situation up to this time. THEY FIT IT NOW. Indeed they do! The word Protocol signifies a precis gummed on to the
front of a document, a draft of a document, minutes of proceedings. In this instance, Protocol means minutes of the
proceedings of the Meetings of the Learned Elders of Zion. These Protocols give the substance of addresses delivered to the
innermost circle of the Rulers of Zion. They reveal the converted plan of action of the Jewish Nation developed through the
ages and edited by the Elders themselves up to date. Parts and summaries of the plan have been published from time to time
during the centuries as the secrets of the Elders have leaked out. The bases for this supposition are the following, namely:
that Freemason policy follows the lines of the Protocols, and that S.A. Nilus tells us that the copy which came into his hands
in 1901 bore the following inscription: Signed by the Representatives of Zion of the 33rd Degree.

The Protocols of the Meetings of the Learned Elders of Zion Sergiei Nilus, 2003 The Protocols of the Elders of Zion was supposedly written in 1897 from the minutes of 24 secret meetings between Jews and Freemasons in which they conspired to bring down Western civilization and jointly rule the world. In reality, it is nothing of the sort. Protocols tells of a Jewish plot to take over the world. Historians have long said the work is a forgery concocted by Czar Nicholas II's secret police to blame Russia's troubles on Jews. In 1921, Philip Graves of the London Times revealed The Protocols to be a fraud, showing it to be based on a French satire aimed at Napoleon III. Professor Nilus was a priest in the Orthodox Church in Russia. He published the first Russian language edition in 1905. In 1920 Henry Ford bought The Dearborn Independent, a virile and very independent journal published in his home town. He used it to publish the Protocols of the Elders of Zion and a series of articles about the book, as part of his series of 81 articles (between 1920 and 1922) on the Jewish Question in America, which he called the world's foremost problem. The Dearborn Independent was distributed nationwide to Ford dealer showrooms and was offered free of charge to the general public. The relevant articles are collected here so that the whole can be studied at one time. This book is an important document in the history of anti-Semitism, and has been used as required reading in many university anti-Semitism courses.

The Protocols of the Meetings of the Learned Elders of Zion Sergi[e] Nilus, 1978-12

The Truth about "The Protocols of Zion" Herman Bernstein, 1935 Examines the origins of the Protocols of the Elders of Zion. Its main source was Maurice Joly's satire Dialogues in Hell between Machiavelli and Montesquieu (1864). Joly's text was used by the antisemitic German writer Hermann Goedsche who wrote the novel To Sedan as part of the Biarritz series in 1868. Part of the novel, rewritten by Goedsche as The Rabbi's Speech and published in Russian in 1872 under the title The Jewish Cemetery in Prague and the Council of Representatives of the Twelve Tribes of Israel, contains a speech allegedly delivered before elders of Israel in Prague. The Protocols was concocted in France and published in Russia in order to convince the Tsar that the Jews were the source of revolutionary unrest in Russia and to dissuade him from introducing a constitution. Sergei Nilus and Butmi were the first publishers of the Protocols, which gained worldwide circulation before it was exposed as a forgery in the 1920s. Pp. 73-397 contain the English text of Joly's Dialogues and of the Protocols, Goedsche's Jewish Cemetery and Rabbi's Speech, Nilus' epilogue to the Protocols, a 1921 London Times exposé, and several pages of parallel texts of the Dialogue and the Protocols.

Protocols of the Meetings of the Learned Elders of Zion , 1934

The Protocols of the Learned Elders of Zion Victor E Marsden, 2017-06-08 Translated from the Russian by Victor Marsden. The Protocols supposedly outlines a plan of action by elders of the Jewish Nation to rule the world -- to take control over key organizations, including assets, in order to manipulate world affairs in their favor. Some say the issue has already been settled conclusively -- that it is clearly a forgery. Although there may be final evidence to this effect, we have not seen a

clear and convincing version of it produced by those making the claim. Others maintain that it was and is absolutely genuine -- proven by the fact that all copies were destroyed in Russia in the early 1900s by the Kerensky regime. In the following years, anyone caught with a copy could be, and sometimes were, shot on sight. It was law, The Protocols were taken seriously by the Russians and by people in America like the famed industrialist, Henry Ford. This seems to give it validity, but people (and nations) have been known to be fooled. If The Protocols are a forgery, they still form an interesting book which deserves to be studied in the same way The War of the Worlds radio broadcast duped many thousands into thinking we were being invaded by Martians in the early part of the 20th century. If, however, The Protocols are genuine (which can never be proven conclusively), it might cause some of us to keep a wary eye on world affairs. We neither support nor deny its message, we simply make it available for those who wish a copy.

The Lie that Wouldn't Die Hadassa Ben-Itto, 2005 Of all the libels that have served as a means of incitement of hate against Jews, and as intellectual justification of anti-Semitism, the myth of the so-called 'Jewish Conspiracy' to gain domination of the whole world, as embodied in the forged Protocols of the Elders of Zion, is probably the most devious and the most dangerous. Previously only analyzed in academic, footnoted studies, the history of the Protocols is presented here by Judge Hadassa Ben-Itto in an eminently readable, fascinating account, telling the stories of the numerous people involved over the hundred years that the forgery has existed. Above all, this is the story of a judge who follows the Protocols into lawyers' chambers and into courtrooms in Switzerland, in South Africa, in Germany, in the United States and in Russia, and presents the reader with a detailed critical analysis of legal proceedings which culminated in fascinating courtroom drama. The truth is revealed again and again, but the lie wouldn't die.
