The Films of Robin Williams Johnson Cheu,2019-05-28 From his first appearance as Mork from Ork on the 1970s sitcom Happy Days, Robin Williams was heralded as a singular talent. In the pre-cable television era, he was one of the few performers to successfully transition from TV to film. An Oscar-winning actor and preternaturally quick-witted comedian, Williams became a cultural icon, leaving behind a large and varied body of work when he unexpectedly took his own life in 2014. This collection of new essays brings together a range of perspectives on Williams and his oeuvre, including beloved hits like Mrs. Doubtfire, Good Morning, Vietnam, Good Will Hunting, The Fisher King, Dead Poets Society and Aladdin. Contributors explore his earlier work (Mork and Mindy, The World According to Garp) and his political and satirical films (Moscow on the Hudson, Toys). Williams's darker, less well-known fare, such as Being Human, One Hour Photo, Final Cut

and Boulevard, is also covered. Williams's artistry has become woven into the fabric of our global media culture.

Stories of Childhood Dean W. Duncan, 2015-10-29 This study questions the widely held perception that books, as an artistic medium, are superior to and more respectable than film or television, sometimes considered frivolous and pernicious. Criticism of both the big and small screens often obscures their signal accomplishments and the entertainment and insight they provide. The author analyzes our distaste for these media--and the romanticizing of the printed word that accompanies it--and argues that books and films are in fact quite complementary. A broad survey of film and TV offerings explores what enacted narratives have taught us about the nature of childhood.
