*My Disillusionment in Russia* Emma Goldman,2003-01-01 A teenager when she and her family emigrated to the United States, Emma Goldman (1869–1940) was so greatly affected by Chicago's Haymarket Square tragedy in 1886 that she became a revolutionary and campaigned for such then-controversial transformations in society as higher wages, the eight-hour workday, birth control, and abolition of the draft. Because of these activities, she was deported to Russia in 1919, where she was able to witness the Revolution's aftermath firsthand. Horrified by what she saw in major cities and revolted by the Bolshevik dictatorship, she left the country in 1921 and, soon after, set down her thoughts in two books — *My Disillusionment in Russia* and *My Further Disillusionment in Russia*. She wrote passionately about political harassment and forced labor inflicted upon the masses, rampant opportunism raging throughout the Soviet government, industrial militarization, persecution of anarchists, and the government's increased use of deportation as a political weapon. Her writings helped turn a large number of socialists against the Bolshevik government. Her two books have been combined in this Dover edition — a volume that will be of value to teachers, students, and anyone interested in the socio-economic problems of the early 20th century.

*Embracing Disillusionment* Frank Gruba-McCallister,2020-06-19 *Embracing Disillusionment: Achieving Liberation Through the Demystification of Suffering* employs a multidisciplinary examination of the relationship between oppression and suffering. Written for professionals as well as the general public, a framework is provided for understanding the causes and forms of oppression and why these constitute injustice, the dynamics of self-deception and how ideology utilizes these to portray the social causes of suffering as individual and intrapsychic maladies, and the ways in which illusions spun by the powerful stifle awareness and undermine opposition and dissent. Having provided this foundation, a path for openly facing and accepting the suffering inflicted by oppression is provided. Exposing toxic illusions can be a wake-up call that brings with it pain, fear, and anger. However, these responses can be transformed into powerful forces for personal and collective liberation. Working hand-in-hand with those whose minds and hearts have been opened to the costs of social injustices due to neoliberalism, a different and more compassionate way of being that promotes the optimal well-being of all is possible.

*Deceptions, Distractions & Disillusionment: Barriers to Your Success and Ours* Michael A. Wright,2016-02-10 We find it difficult to see ourselves clearly or change our behaviors to be in line with our desires. We don't know ourselves, or we focus

on what we think are negatives about ourselves (shame). We don't trust ourselves (suppression). We don't know our purpose in comparison to the other (role confusion). We don't trust the other (isolation). We are a bunch of islands attempting to convince ourselves that we are family. Family has come to mean something less than people who are willing to give their all to establish your success. Overcoming this deception starts with the realization that YOU are to blame. Forgiveness, Perfection, and Agency are elements of the solution we both must learn.

*The Northrop Frye Quote Book* Northrop Frye, 2014-02-24 A collection of quotations from Canada's greatest literary theorist. There is no Canadian writer of whom we can say ... that their readers can grow up inside their work without ever being aware of a circumference. Northrop Frye came to that conclusion after a detailed study of the imaginative achievements of Canada's writers from the earliest period to 1965, when that sentence from his study first appeared in print. Over the decades since then, the statement has come to be regarded as a benchmark of individual and national literary achievement. The Northrop Frye Quote Book is a specialized dictionary of quotations on all subjects that is based on the thoughts and writings of one person. It is the handiwork of a single contributor, albeit the cogitations of a remarkable one. It is also evidence that there is a Canadian writer of whom it may be said that we can grow up inside his work without ever being aware of a circumference. John Robert Colombo has written, translated, edited, or compiled over two hundred books, including seven dictionaries of quotations. He is a graduate of the University of Toronto and a Fellow of the Frye Centre at Victoria University. Jean O'Grady, a graduate of the University of Toronto, served as the associate editor of *The Collected Works of Northrop Frye*. She is also the author of the biography of Margaret Addison, the first dean of women at Victoria College.

My Further Disillusionment in Russia Emma Goldman, 1924

**Between Utopia and Disillusionment** Henri Vogt, 2005 Scholarly interpretations of the collapse of communism and developments thereafter have tended to be primarily concerned with people's need to rid themselves of the communist system, of their past. The expectations, dreams, and hopes that ordinary Eastern Europeans had when they took to the streets in 1989, and have had ever since, have therefore been overlooked - and our understanding of the changes in post-communist Europe has remained incomplete. Focusing primarily on five key areas, such as the heritage of 1989 revolutions, ambivalence, disillusionment, individualism, and collective identities, this book explores the expectations and goals that ordinary Eastern Europeans had during the 1989 revolutions and the decade thereafter, and also the problems and disappointments they encountered in the course of the transformation. The analysis is based on extensive interviews with university students and young intellectuals in the Czech Republic, Eastern Germany and Estonia in the 1990s, which in themselves have considerable value as historical documents.

The Gift of Disillusionment Peter Greer, Chris Horst, 2022-04-12 Hope for Leaders Facing Burnout and Discouragement

Around the world, discouragement erodes the vitality of organizations. Visionaries often succumb to cynicism. Zealous advocates give up. Leaders coast as their passion for the cause grows cold. Grounded in research, this book is an invitation for followers of Jesus to sustain hope in long-term service. It's about moving past the false hope of idealism and the faint hope of disillusionment to discover true Christian hope. You will gain encouragement through the study of the book of Jeremiah woven throughout as the authors explore how the Lord prophetically met and sustained Jeremiah during his lifetime of faithfulness despite literally nothing going as he'd hoped. Glean further inspiration by reading the stories of Christian leaders from around the globe: Zimbabwe, Haiti, Guatemala, Poland, Palestine, the Philippines, India, Zambia, and Lebanon. For this is a moment when we need the global Church's perspective and influence. Don't give up and don't check out. These are confounding and perilous days, yet God's sustaining presence can bring joy, hope, and encouragement even amid heartache and disappointment.
