Performance in Popular Culture Sharon Mazer, 2023-08-31 Performance in Popular Culture reveals the intricate relationship between performance and popular culture by exploring how theatrical conventions and dramaturgical tropes have informed the way the social is constructed for popular consumption. Staged as a series of case studies, this book considers the diverse ways the social is imagined and produced in live and mediated performances, in images and texts, in interactive experiences and in cultural institutions. By looking at performance in popular culture, the world we live in becomes more visible, open to investigation and (perhaps) to change. Performance in Popular Culture engages a wide range of disciplines and theoretical frameworks: performance, theatre and cultural studies; comparative literature and media studies; gender and sexuality, critical race and post-colonial theories. Designed for accessibility at an undergraduate level, the case studies make use of visual materials, moving images and texts that are readily available to lecturers and students, to scholars and to the general public.

I Hear My People Singing Kathryn Watterson, 2021-08-24 *I Hear My People Singing* shines light on a historic Black neighborhood in the heart of Princeton, New Jersey. Some 50 first-person accounts, drawn from an oral history collaboration of African American residents, Princeton undergraduates, and their professor, Kathryn Watterson, detail life in this northern Jim Crow town for the past three centuries. Their stories reveal how the community's roots are intertwined with the enslaved people who were key to building the town and a university whose first nine presidents were slave owners. Chapter introductions provide context, as does the foreword by scholar, theologian, and activist Cornel West. Alive with photographs, *I Hear My People Singing* offers a narrative of inspiring Black experience that contributes to and illuminates the history of the United States and the nation's conversations on race.--Back cover.
