Runes for Beginners Lisa Chamberlain (Witch), 2018-05-23 Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word rune comes to us from the Norse word runa, which means a secret, or to whisper. As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. Foundations in Runic Magic and Divination The runes represent

various aspects of the human experience of the Universe-both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including: The history of the runes and their role within the framework of the Germanic magical worldview The origins of runic wisdom in Norse mythology An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans How to make your own runes Instructions for traditional rune-casting as well as contemporary rune spreads Tips for successful divination The divinatory meanings and magical uses of each rune in the Elder Futhark A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but *Runes for Beginners* is an excellent first step along the way. Runes For Beginners Vivienne Grant, 2019-04-05 Everything You Need to Know to Begin Working With Runes The human language gives us the power to create. It is possible because we can use a different combination of words to express unique meanings or ideas. Today, it is still debated how many words are in the English language, with some sources such as the Oxford English Dictionary assuming that the official number is close to 750,000. Runes are a set of alphabets, just like the alphabets that exist in the languages practiced today. They prominently feature vertical and often slanted lines. This arrangement of lines serve a purpose, and they are: 1. Parchments were an expensive commodity back then, so writing on them was not a viable option. Ink wasn't cheap, and for that reason, using it was uncommon. Therefore, runes were carved into objects and surfaces instead. 2. Since carving was used, using straight lines was much easier than curves. 3. While using straight lines, runes avoided the inclusion of horizontal strokes, as those lines could look like the natural lines of surfaces like wood, thereby removing any trace of the line itself. No one can establish with absolute certainty when the runes originated. One of the most popular theories is that it was developed by the Goths, a race of East-Germanic people. Historians also believe that runes have taken inspiration from the Latin alphabet. While this does not narrow down its time of origin, it gives a rough estimate, placing it in the 1st century BC. In this book you'll discover: □ History of Runes □ The Power of Runes □ Runes of the Elder Futhark □ The Art of the Runestave □ How To Successfully Runecasting for Beginners □ Advanced Runecasting Techniques □ and much more! Runes for Beginners Melissa Gomes, 2021-12-15 Everything You Need to Know to Interpret, Read and Cast Rune Stones Runes are enigmatic by nature. This is because the word rune itself originates from the Old Norse word *runa*, which means secret and comes likely from either the Proto-Germanic *runo*, which means secret or whisper. Since they are ancient symbols, the runes mean little to the untrained eye. But with practice and a little experience with them, you can activate their magical energies to create positive, impactful change in your life. Even so, what are runes exactly? Runes were considered magical symbols used by spirits to communicate with humanity. Not only are runes considered a writing system, but they are

engraved stones used to perform magical spells, cast divination, and even add power to conventional writing. The runic alphabet is referred to as the Futhark and consists of 24 symbols. Runic inscriptions are found all over the world, but especially in Northern Europe. The runic alphabet is broken down into three groups: The Younger Futhark (16 symbols), the Elder Futhark (24 symbols) and the Anglo-Saxon Futhark (between 26 and 33 symbols). The knowledge of runes has been passed down through the centuries, and it is an important form of divination for modern pagans. In *Runes for Beginners*, best-selling author Melissa Gomes explores the history and mythology of the runes, as well as their day-to-day uses in divination, magic, and witchcraft. *Runes for Beginners* is completely accessible to those with no experience in Norse mythology, heathenry or paganism. It is written with an eye toward those starting on their journey into the Viking spirit. Melissa provides a basic introduction to runes and their lore, and she explains how to get in touch with them through the senses. You will emerge from this guide with a solid understanding of the Nordic runes' role in heathenry and with a firm foundation of knowledge to build your own runic practice, regardless of your religious or spiritual pagan path. The rune symbols are central to Nordic pagans' magical systems and can be used in various ways depending upon the tradition and your intent. Each runic symbol represents a specific type of energy, and these energies can be used to achieve a multitude of goals, spanning from protection to fertility, wisdom, or love. Algiz, Tiwaz, Uruz, these are just some of the names associated with runes of Elder Futhark, the oldest and best-known runic alphabet. But what exactly are these symbols? And where they came from?
