Sociologies of Poetry Translation Jacob Blakesley,2018-11-29 While the sociology of literary translation is well-established, and even flourishing, the same cannot be said for the sociology of poetry translation. Sociologies of Poetry Translation features scholars who address poetry translation from sociological perspectives in order to catalyze new methods of investigating poetry translation. This book makes the case for a move from the singular 'sociology of poetry translation' to the pluralist 'sociologies', in order to account for the rich variety of approaches that are currently emerging to deal with poetry translation. It also aims to bridge the gap between the 'cultural turn' and the 'sociological turn' in Translation Studies, with the range of contributions showcasing the rich diversity of approaches to analysing poetry translation from socio-cultural, socio-historical, socio-political and micro-social perspectives. Contributors draw on theorists including Pierre Bourdieu and Niklas Luhmann and assess poetry translation from and/or into Catalan, Czech, English, French, German, Italian, Russian, Slovakian, Spanish, Swahili and Swedish. A wide range of topics are featured in the book including: trends in poetry translation in the modern global book market; the commissioning and publishing of poetry translations in the United States of America; modern English-language translations of Dante; women poet-translators in mid-19th century Ireland; translations of Russian poetry anthologies into modern English; the translation of Shakespeare's plays and sonnets in post-colonial Tanzania and socialist Czechoslovakia; translations and translators of Italian poetry into 20th and 21st century Sweden; modern European poet-translators; and collaborative writing between prominent English and Spanish poet-translators.

Transnational Perspectives on Graphic Narratives Daniel Stein,Shane Denson,Christina Meyer,2013-03-28 This book brings together an international group of scholars who chart and analyze the ways in which comic book history and new forms of graphic narrative have negotiated the aesthetic, social, political, economic, and cultural interactions that reach across national borders in an increasingly interconnected and globalizing world. Exploring the tendencies of graphic narratives - from popular comic book serials and graphic novels to manga - to cross national and cultural boundaries, *Transnational Perspectives on Graphic Narratives* addresses a previously marginalized area in comics studies. By placing

graphic narratives in the global flow of cultural production and reception, the book investigates controversial representations of transnational politics, examines transnational adaptations of superhero characters, and maps many of the translations and transformations that have come to shape contemporary comics culture on a global scale.

Art et Liberté Sam Bardaouil, Till Fellrath, 2016 Résumé en 4ème de couverture: Cet ouvrage retrace la première exposition consacrée au mouvement surréaliste en Egypte. Il propose une incursion dans cet univers artistique, encore peu connu en Europe, à travers plus de 250 oeuvres inédites contextualisées. Bien au-delà d'une recherche esthétique, la création du mouvement est motivée par une véritable impulsion révolutionnaire. Celle-ci s'inscrit dans une pensée à contre-courant de l'opinion et du conformisme de l'époque. A travers de multiples disciplines plastiques (peinture, dessin, photographie) et littéraires, ce catalogue nous plonge dans le contexte artistique bouillonnant de l'Egypte des années 1930-1940.
