An Introduction to the New Testament Apocrypha Fred Lapham, 2003-09-01 This book is a readable and analytical survey of those important but little-known Christian documents of the second and third centuries which are collectively referred to as the New Testament Apocrypha, and is intended to serve both as an introductory guide for interested clergy and laity, but also as a useful reference for those pursuing higher research. Questions of the manufacture of the codices, the transmission of the texts, the discovery of the lost and hidden books, and of the classification of the documents are considered, and the books are placed and critically examined in their geographical and social setting.

New Testament Apocrypha, vol. 1 Tony Burke, Brent Landau, 2016-12-02 Compilation of little-known and never-before-published apocryphal Christian texts in English translation This anthology of ancient nonbiblical Christian literature presents informed introductions to and readable translations of a wide range of little-known apocryphal texts, most of which have never before been translated into any modern language. An introduction to the volume as a whole addresses the most significant features of the writings included and contextualizes them within the contemporary study of the Christian Apocrypha. The body of the book comprises thirty texts that have been carefully introduced, copiously annotated, and translated into English by eminent scholars. With dates of composition ranging from the second century CE to early in the second millennium, these fascinating texts provide a more complete picture of Christian thought and expression than canonical texts alone can offer.

Early New Testament Apocrypha Zondervan, 2022-10-18 Broaden the scope of your New Testament studies with this introduction to early Christian apocryphal literature. To understand the New Testament well, it is important to study the larger world surrounding it, and one of the primary avenues for this exploration is through reading related ancient texts. But this task is daunting for scholars and novices alike given the sheer size of the ancient literary corpora. The Ancient Literature for New Testament Studies series aims to bridge this gap by introducing the key ancient texts that form the cultural,

historical, and literary context for the study of the New Testament. Early New Testament Apocrypha offers an entry point into the corpus of early Christian apocryphal literature through twenty-eight texts or groups of texts. While the majority of the texts fall within the first four centuries CE, and therefore are useful for uncovering the earliest interpretations assigned to the New Testament, select later texts serve as reminders of how the meanings of New Testament texts continued to develop in subsequent centuries. Each essay covers introductory matters, a summary of content, interpretive issues, key passages for New Testament studies and their significance, and a select bibliography. Whether you are a scholar looking to familiarize yourself with a new corpus of texts or a novice seeking to undertake a serious contextualized study of the New Testament, this is an ideal reference work for you. Essays and contributors include: Part 1: Apocryphal Gospels Agrapha, Andrew Gregory Fragments of Gospels on Papyrus, Tobias Nicklas Gospel of Barnabas, Philip Jenkins Gospel of Peter, Paul Foster Infancy Gospel of Thomas, Reidar Aasgaard Jewish-Christian Gospels, Petri Luomanen Legend of Aphroditian, Katharina Heyden Pilate Cycle, J. K. Elliott Protevangelium of James, Eric M. Vanden Eykel Toledot Yesu, Sarit Kattan Gribetz Revelation of the Magi, Catherine Playoust Part 2: Apocryphal Acts Acts of Andrew, Nathan C. Johnson Acts of John, Harold W. Attridge Acts of Paul, Harold W. Attridge Acts of Peter, Robert F. Stoops, Jr. Acts of Philip, Christopher R. Matthews Acts of Thomas, Harold W. SERIES DESCRIPTION: Ancient Literature for New Testament Studies is a 10-volume series that introduces key ancient texts that form the cultural, historical, and literary context for the study of the New Testament. Each volume features introductory essays to the corpus, followed by articles on the relevant texts. Each article will address introductory matters, provenance, summary of content, interpretive issues, key passages for New Testament studies and their significance, and a select bibliography. Neither too technical to be used by students nor too thin on interpretive information to be useful for serious study of the New Testament, this series provides a much-needed resource for understanding the New Testament in its Jewish, Greco-Roman, and early Christian contexts. Produced by an international team of leading experts in each corpus, Ancient Literature for New Testament Studies stands to become the standard resource for both scholars and students.

New Testament Apocrypha, v1 Burke & Landau, 2016 Compilation of little-known and never-before-published apocryphal Christian texts in English translation This anthology of ancient nonbiblical Christian literature presents informed introductions to and readable translations of a wide range of little-known apocryphal texts, most of which have never before

been translated into any modern language. New Testament Apocrypha, vol. 2 Tony Burke, 2020-07-21 A compilation of apocryphal Christian texts, many translated into English for the first time, with comprehensive introductions. This second volume of New Testament Apocrypha continues the work of the first by making available to English readers more apocryphal texts. Twenty-nine texts are featured, including The Adoration of the Magi and The Life of Mary Magdalene, each carefully introduced, copiously annotated, and translated into English by eminent scholars. These fascinating texts provide insights into the beliefs, expressions, and practices of a range of Christian communities from the early centuries through late antiquity and into the medieval period.

The Apocryphal New Testament J. K. Elliott, 2005-10-27 The Apocryphal New Testament includes new translations of the most significant and famous of the non-canonical Christian works. New Testament Apocrypha Edgar Hennecke, Wilhelm Schneemelcher, Robert McLachlan Wilson, 1963 This English translation of the new and thoroughly revised sixth German edition of the extensive extra-canonical gospel literature is an absolutely indispensable collection of sources for every student of the New Testament and of the history and literature of ancient Christianity. Biblical Studies on the Internet Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4,800 resources available at more than 10,000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries, and other resource materials including ones in Greek, Hebrew and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three-digit code. The code is used to identify this web page as a major resource within the main text, while any needed instructions for use of the site are cross-referenced separately in the final chapter. In adopting this concise method, the author was able to add hundreds of additional or updated web resources, a surprising number of which can be downloaded onto a hard drive for immediate and continued use.

The New Testament Apocrypha Jacques Hervieux,1960 The apocryphal writings set out to tell us what the Gospels have not said. From them we have a whole collection of traditions or ideas which are familiar to us today. The author outlines the apocryphal books, detailing their sources, their validity and their individual deviations. He shows the interesting details surrounding their creation and gives the reasons they were not included in the Bible.

Forbidden Texts on the Western Frontier: The Christian Apocrypha in North American Perspectives Tony Burke,2015-07-27 North American study of the Christian Apocrypha is known principally for its interest in using noncanonical texts to reconstruct the life and teachings of Jesus, and for its support of Walter Bauer's theory on the development of early Christianity. The papers in this volume, presented in September 2013 at York University in Toronto, challenge that simplistic assessment by demonstrating that U.S. and Canadian scholarship on the Christian Apocrypha is rich and diverse. The topics covered in the papers include new developments in the study of canon formation, the interplay of Christian Apocrypha and texts from the Nag Hammadi library, digital humanities resources for reconstructing apocryphal texts, and the value of studying late-antique apocrypha. Among the highlights of the collection are papers from a panel by three celebrated New Testament scholars reassessing the significance of the Christian Apocrypha for the study of the historical Jesus. Forbidden Texts on the Western Frontier demonstrates the depth and breadth of Christian Apocrypha studies in North America and offers a glimpse at the achievements that lie ahead in the field.

Putting Burdens on Broken Shoulders Ken Crispin,2023-03-22 Conservative Christian views on marriage and divorce are often presented as bulwarks against the tragedy of marital breakdown. Yet the advice given to divorced Christians and those facing the disintegration of their relationships is often irresponsible and damaging. Women fleeing domestic violence are told they are bound to their abusers by indissoluble spiritual bonds. Some are sent back to face further violence. Children are exposed to further abuse. People are condemned to lives of unnecessary loneliness and second marriages are undermined. A pall is cast over many lives. Why? Why should vulnerable people be given advice that is so damaging? Those who protest are told that this is what the Bible teaches. But does it? This book critically examines the relevant texts, revealing fundamental errors due to theological misconceptions and difficulties of understanding nuances of the original languages and the contexts in which crucial words were spoken. Properly understood, the relevant biblical passages do not lock people into intolerable situations. Christians are called to be faithful in their marital relationships, but not to pretend that former marriages still exist or refuse to recognize subsequent ones. And we are called to embrace, not condemn, the brokenhearted.

Believing Is Seeing Michael Guillen, 2021 Nowadays, beliefs rule the day. Personal truth is more important than the truth. In one study, more than 91 percent of the respondents couldn't tell the difference between opinion and fact. For them, in other words, opinions are facts and beliefs are truth. In *Believing is Seeing*, former ABC News Science Editor and Harvard physics instructor Dr. Michael Guillen explains how every aspect of the human experience, from science to religion, is powered by one thing: faith. That includes your worldview. Powered by faith -- by beliefs you can't prove -- it dictates how you see everything and everyone, all the time. *Believing is seeing*. Are your beliefs true or untrue? Is your faith enlightened or misguided? The answers to those questions reveal whether your current worldview is dangerous or dependable. As Dr. Guillen explains in the pages of this book, what you believe is not just a matter of what's true or not true; it's a matter of life and death--

Grace and Life Paul E. Deterding, 2025-09-24 Often the Pastoral Letters have not received the attention they deserve. In addition to being indispensable for understanding the pastoral office, these letters are rich in teaching regarding many of the cardinal doctrines of the Christian faith: Christology, soteriology, eschatology, ethics, and the church's worship life. In *Grace and Life* Paul Deterding explores these topics through careful exegesis of these texts and a number of essays on the major subjects of these letters. His work will be of interest to pastors looking for help for preaching and teaching. It will also aid lay readers in understanding the responsibilities of the pastoral office and the divine authority that enables them to carry out their ministry.
