Rock Aesthetics in Colombian Literature and Culture David Martinez Houghton,2024-10-15 *Rock Aesthetics in Colombian Literature and Culture: Writing the Noise* explores the presence of a rock aesthetic in the Colombian literary field and how its pivotal role in creating alternative creative expressions that challenge the dominance of tropicity as the prevailing artistic reference. More than a musical genre or a cultural industry, rock is also an aesthetic: a significant social practice that allows one to understand what people consider beautiful or authentic. Since its birth in the mid-1950s, rock as an aesthetic has expanded worldwide, transforming and establishing dialogues with artistic practices such as literature. Through an analysis of a series of novels, poems, and manifestos written from the 1950s to the early years of the twenty-first century, David Martínez Houghton embarks on a literary, musical, and historical journey. On the way, he explores complex phenomena such as urban violence, the formation of youth identities, the penetration of pop culture, national identity discourses, and even the social and physical transformation of Colombian cities.

Generation X Goes Global Christine Henseler,2012-11-12 This edited volume is the first book of its kind to engage critics' understanding of Generation X as a global phenomenon. Citing case studies from around the world, the research collected here broadens the picture of Generation X as a demographic and a worldview. The book traces the global and local flows that determine the identity of each country's youth from the 1970s to today. Bringing together twenty scholars working on fifteen different countries and residing in eight different nations, this book present a community of diverse disciplinary voices. Contributors explore the converging properties of Generation X through the fields of literature, media studies, youth culture, popular culture, sociology, philosophy, feminism, and political science. Their ideas also enter into conversation with fourteen other textbox contributors who address the question of Who is Generation X in other countries. Taken together, they present a highly interactive and open book format whose conversations extend to the reading public on the website www.generationxgoesglobal.com.
