

The Robot Who Looked Like Me

Howard S. Smith

The Robot who Looked Like Me Robert Sheckley, 1982

The Robot Who Looked Like Me Robert Sheckley, 2014-05-13 "If the Marx Brothers had been literary fantasists, they would have been Robert Sheckley." —Harlan Ellison In "The Robot Who Looked Like Me," a busy man and a busy woman find a way to carve out time to romance each other—by having look-alike robots made to do the job—who then run away together. The twelve other stories in this collection are "Slaves of Time," "Voices," "A Supplicant in Space," "Sneak Previews," "Zirn Left Unguarded, the Jenghik Palace in Flames, John Westerly Dead," "Welcome to the Standard Nightmare," "The Never-Ending Western Movie," "What Is Life?", "I See a Man Sitting on a Chair, and the Chair Is Biting His Leg," "Is That What People Do?", "Silversmith Wishes," and "End City." From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the New York Times, was "a precursor to Douglas Adams."

The Robot who Looked Like Me Robert Sheckley, 1978

Is That What People Do? Robert Sheckley, 2014-05-13 More than three dozen of the best and most popular stories by the acknowledged master of the short science fiction story. The thirty-nine works contained in this volume—twenty-six from the author's ten other Open Road collections, plus thirteen additional pieces unique to this volume—include these vintage Sheckley stories: "The Eye of Reality," "The Language of Love," "The Accountant," "A Wind Is Rising," "The Robot Who Looked Like Me," "The Mnemone," "Warm," "The Native Problem," "Fishing Season," "Shape," "Beside Still Waters," "Silversmith Wishes," "Meanwhile, Back at the Bromide," "Fool's Mate," "Pilgrimage to Earth," "All the Things You Are," "The Store of the Worlds," "Seventh Victim," "Cordle to Onion to Carrot," "Is That What People Do?", "The Prize of Peril," "Fear in the Night," "Can You Feel Anything When I Do This?", "The Battle," "The Monsters," and "The Petrified World." This volume also includes the following uncollected Sheckley tales: "Five Minutes Early," "Miss Mouse and the Fourth Dimension," "The Skag Castle," "The Helping Hand," "The Last Days of (Parallel?) Earth," "The Future Lost," "Wild Talents, Inc.," "The Swamp," "The Future of Sex: Speculative Journalism," "The Life of Anybody," "Goodbye Forever to Mr. Pain,"

“The Shaggy Average American Man Story,” “Shootout in the Toy Shop,” and “How Pro Writers Really Write—or Try To.” From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the New York Times, was “a precursor to Douglas Adams.”

Robots That Love Judith A. Markowitz, 2025-10-30 In a world of increasingly sophisticated AI, the relationship between creator and creation has shifted. Robot lovers coexist with humans, and the boundaries of emotion and consciousness are blurred. This book considers the fundamental challenge of imbuing robots with the capacity to experience love, delving into the consequences of loving robots that can only feign reciprocation and philosophical questions about sentience and consciousness. Other forms of artificial lovers are also discussed, ranging from ChatGPT and Samantha from the 2013 film *Her* to a variety of sex dolls, monsters, golems and romanceable characters in dating-simulation games. Such entities encompass an array of sexual and gender identities as well as gender biases involved in creating the perfect artificial companion and developing AI systems. These biases, often perpetuated by deep-learning algorithms, underscore the need for critical reflection amid the evolution of AI.

Robots Daniel Ichbiah, 2005 Presents an overview of the history of the robot, culled from interviews with experts such as scientists, surgeons, manufacturers, science fiction writers, artists, filmmakers, and provides information on the role they play in daily life and speculates on their future.

Index to Science Fiction Anthologies and Collections William Contento, 1978

I, Robot Howard S. Smith, 2008 In this technothriller, a Japanese detective stumbles onto deployment of military robots. With cutting-edge technology, *I, Robot* is a fast read.

Suggested in the Stars Yoko Tawada, 2024-10-01 On the heels of *Scattered All Over the Earth*, Yoko Tawada’s new and irresistible *Suggested in the Stars* carries on her band of friends’ astonishing and intrepid adventures. It’s hard to believe there could be a more enjoyable novel than *Scattered All Over the Earth*—Yoko Tawada’s rollicking, touching, cheerfully dystopian novel about friendship and climate change—but surprising her readers is what Tawada does best: its sequel, *Suggested in the Stars*, delivers exploits even more poignant and shambolic. As Hiruko—whose Land of Sushi has vanished into the sea and who is still searching for someone who speaks her mother tongue—and her new friends travel onward, they begin opening up to one another in new and extraordinary ways. They try to help their friend Susanoo regain his voice, both for his own good and so he can speak with Hiruko—and amid many often hilarious misunderstandings (some linguistic in nature)—they empower each other against despair. Coping with carbon footprint worries but looping singly and in pairs, they hitchhike, take late-night motorcycle rides, and hop on the train (learning about railway strikes but also packed-train-yoga) to

convene in Copenhagen. There they find Susanoo in a strange hospital working with a scary speech-loss doctor. In the half-basement of this weird medical center (with strong echoes of Lars von Trier's 1990s TV series *The Kingdom*), they also find two special kids washing dishes. They discover magic radios, personality swaps, ship tickets delivered by a robot, and other gifts. But friendship—loaning one another the nerve and heart to keep going—sets them all (and the reader) to dreaming of something more... Suggested in the Stars delivers new delights, and Yoko Tawada's famed new trilogy will conclude in 2025 with *Archipelago of the Sun*, even if nobody will ever want this "strange, exquisite" (*The New Yorker*) trip to end.

Suicide Squad Vol. 6: The Secret History of Task Force X (Rebirth) Rob Williams,2018-07-24 Today, Task Force X is better known as the Suicide Squad—but what happened to the Suicide Squad of the 1950s? Led by Rick Flag Sr., the original Task Force X defended the world from aliens, robots and even dinosaurs before vanishing into myth. Now it will fall to Harley Quinn to complete her predecessors' final mission and uncover where it all went wrong! The Red Wave, the deadliest alien threat mankind has ever known, is no longer locked safely away on the moon. All that stands between it and Earth is the Suicide Squad. Before Deadshot can warn the clown princess of the danger she's in, his team is set upon by an army. Someone is desperate to protect the secret of Task Force X, even if it means destroying it and Amanda Waller! Secrets, love, sacrifice and lies reveal themselves in the classified history of Argent and the Suicide Squad, twin branches of the original Task Force X. By the time the mission is complete, the Squad may never be the same again! Rob Williams (Unfollow) reveals untold chapters of the Rebirth DCU's history in this stunning saga, joined by artists Barnaby Bagenda (The Omega Men), Eleonora Carlini (Doctor Who), Philippe Briones (Aquaman), Scot Eaton (Swamp Thing) and Wilfredo Torres (Black Panther). Collects Suicide Squad #27-32.
