CRASH! Randy Malamud, 2024-12-12 **CRASH!** explores the fascinating, revealing, and surprising cultural impact of plane crashes across art, literature, music, media, and creative nonfiction. Plane crashes are covered extensively but they are not analyzed very deeply, beyond rote media reports and forensic accident investigations. This is despite the voluminous, diverse, and fascinating cultural materials - poems and novels, songs, films, art, TV series, and on and on - that emerge in the wake of aviation disasters. Randy Malamud reanimates these tragic events and identifies how they persist and resonate through our culture-more than we might have imagined, and in intricately far-reaching ways. A unique and extraordinarily wide-ranging cultural examination, **CRASH!** takes the reader on a journey that includes reflections on flight phobia, themes of crash survival (with asides on *Lord of the Flies*, *The Little Prince*, and Ernest Hemingway's two-day two-crash adventure), the existentialism of pilots' last words, the day the music died, deep dives into modernist plane wreck paintings, kamikaze pilots and their Zen death poems, plane crashes before planes, 'race, crash, and gender,' and the cultural aftermath of 9/11. Ultimately, Malamud shows that crashes do not bring about complete and total destruction: we accomplish some degree of restoration by shoring fragments against the ruins. The plane is dead; long live the plane.

Grammar in Theory and in Practice David Nicholls, 2020-12-18 What are word classes? How can we recognize them? What role do they play in regards to punctuation? *Grammar in Theory and in Practice* was written for those who want straight answers, in plain English, to these crucial, yet rarely asked, questions. This essential guide empowers students to identify parts of speech rapidly, to employ punctuation marks confidently, and to examine syntax precisely, in four popular GCSE texts: *Lord of the Flies*, *Animal Farm*, *Frankenstein*, and *1984*. Grammatical categories are neatly defined in the glossary, and each chapter is packed with practical and demanding exercises, testing your knowledge of nouns, verbs, adjectives, adverbs, conjunctions, and prepositions. Topics range from the relatively simple, such as common pronoun errors or subject-verb agreement problems, to the somewhat complex, such as appositives, participles, or rhetorical devices. At the end of the course, there is a large punctuation section that revises the usage of commas, colons, semicolons, hyphens, and apostrophes.

An Introduction to Literature for Students of English as a Foreign Language K. Thomas Baby, 2024-04-19 This textbook is the result of the author's long experience of teaching introductory English literature courses, and the non-availability of a suitable textbook for EFL (English as a foreign language) students. The books currently available in the market are beyond the comprehension level of average EFL students. In order to fill this gap and give a solid foundation to students, the initial chapters of the book deal with important literary terms and a brief history of English literature. In addition, the book provides various types of comprehension questions, focussing on the needs of EFL students. Finally, the book consists of carefully selected materials for the study of fiction, poetry and drama from authors representing different ages of English literature. This compact textbook can be considered as an excellent resource for all EFL students and teachers around the world.
