**The Art Experience** Alex Rajczi, 2024-04-24 The Art Experience: An Introduction to Philosophy and the Arts takes readers on an engaging and accessible journey that explores a series of fundamental questions about the nature of art and aesthetic value. The book's 12 chapters explore three questions: What makes something a work of art? How should we experience art to get the most out of it? Once we understand art, how should we evaluate whether it is good or bad? Philosophical theory is illustrated with concrete examples: the paintings of Frida Kahlo, the music of Johann Sebastian Bach, the masks of the Nso people, and many others. Classic questions are balanced with cutting-edge challenges, such as Linda Nochlin's work on the exclusion of women from the artistic canon. The Art Experience presupposes no prior knowledge of philosophy or art, and it will be of interest to any reader seeking an accessible and engaging introduction to this field. Along the way, readers learn how philosophical theories can affect our real-world experiences with painting, music, theater, and many other art forms. Key Features Accessible for any college student: assumes no knowledge of philosophy, art theory, or any artistic medium Organizes topics conceptually, rather than historically, allowing students to more easily grasp the core issues themselves rather than tracing their historical evolution Offers readers a large number of contemporary examples and a consistent focus on the way theory can affect people's real-world experiences with art Explores questions about bias - for example, whether the artistic canon has excluded some groups unfairly and whether definitions of art are Western-biased

*Reading Scripture with Paul Ricoeur* Joseph A. Edelheit, James F. Moore, 2021-05-04 Reading Scripture with Paul Ricoeur is a unique volume in which twelve diverse contributors illuminate and analyze Paul Ricoeur's personal religious faith and intellectual passion for Scripture. The co-editors, Joseph A. Edelheit and James F. Moore, each studied with Ricoeur at the Divinity School of the University of Chicago and bring the perspectives of a rabbi and of a Lutheran pastor and theologian, respectively. This book engages topics such as translation, biblical hermeneutics, and prophecy, as well as specific scriptural passages: Cain and Abel, the Epistles, and a feminist reading of Rahab. It provides both students and scholars alike a new resource of reflections using Ricoeur's scholarship to illuminate and model how Ricoeur read and taught.

**Irony and Meaning in the Hebrew Bible** Carolyn J. Sharp, 2008-12-23 Was God being ironic in commanding Eve not to eat fruit from the tree of wisdom? Carolyn J. Sharp suggests that many stories in the Hebrew Scriptures may be ironically

intended. Deftly interweaving literary theory and exegesis, Sharp illumines the power of the unspoken in a wide variety of texts from the Pentateuch, the Prophets, and the Writings. She argues that reading with irony in mind creates a charged and open rhetorical space in the texts that allows character, narration, and authorial voice to develop in unexpected ways. Main themes explored here include the ironizing of foreign rulers, the prostitute as icon of the ironic gaze, indeterminacy and dramatic irony in prophetic performance, and irony in ancient Israel's wisdom traditions. Sharp devotes special attention to how irony destabilizes dominant ways in which the Bible is read today, especially when it touches on questions of conflict, gender, and the Other.

**The Male Gaze** Bridget McShane, 2023 The male gaze is a phenomenon that continues to puzzle both film theorists and film viewers. Although previously studied and examined by film theorists, the term tends to carry only one definition into modern-day understanding. The male gaze often gets entangled with other terms and phrases such as voyeurism, sexualization, objectification, and Peeping Toms. While these terms and phrases do contribute their fair share to the overarching concept of the male gaze, I argue that when examined more closely, other types of male gazes lie below the surface. Hitchcock's cinematography undoubtedly captures rather risqué images of female characters, leaving audiences without a choice but to partake in male sexualization and objectification. Yet, his films depict scenes between female and male characters -- either with or without dialogue -- that capture a type of gaze one cannot quite associate with merely male sexualization. From rewatching and analyzing films such as *Rear Window*, *Vertigo*, and *Psycho*, I have created my own terms and definitions of different male gazes that may or may not align with the voyeuristic and innately sexual tendencies associated with the overarching term.

The Feminist Utopian Novels of Charlotte Perkins Gilman Chloe Avril, 2008 A study of Charlotte Perkins Gilman's Utopian novels which argues that her understanding of the fundamental link between personal relationships - of women as lovers, wives, and mothers - and her broader political aims of transforming society, remains a radical starting point for feminists.
