

Kolyma Road Of Bones

Judd E. Hollander

Road of Bones Christopher Golden, 2022-01-25 An American documentarian travels a haunted highway across the frozen tundra of Siberia in New York Times bestselling author Christopher Golden's *Road of Bones*, a "tightly wound, atmospheric, and creepy as hell" (Stephen King) supernatural thriller. Surrounded by barren trees in a snow-covered wilderness with a dim, dusky sky forever overhead, Siberia's Kolyma Highway is 1200 miles of gravel packed permafrost within driving distance of the Arctic Circle. A narrow path where drivers face such challenging conditions as icy surfaces, limited visibility, and an average temperature of sixty degrees below zero, fatal car accidents are common. But motorists are not the only victims of the highway. Known as the Road of Bones, it is a massive graveyard for the former Soviet Union's gulag prisoners. Hundreds of thousands of people worked to death and left where their bodies fell, consumed by the frozen elements and plowed beneath the permafrost road. Fascinated by the history, documentary producer Felix "Teig" Teigland is in Russia to drive the highway, envisioning a new series capturing Life and Death on the Road of Bones with a ride to the town of Akhust, "the coldest place on Earth", collecting ghost stories and local legends along the way. Only, when Teig and his team reach their destination, they find an abandoned town, save one catatonic nine-year-old girl—and a pack of predatory wolves, faster and smarter than any wild animals should be. Pursued by the otherworldly beasts, Teig's companions confront even more uncanny and inexplicable phenomena along the Road of Bones, as if the ghosts of Stalin's victims were haunting them. It is a harrowing journey that will push Teig beyond endurance and force him to confront the sins of his past.

Clash of Singularity: The Sentinels Saga (The Sentinels Trilogy Book 1) Sharad Bindal, 2021-10-23 An unlikely clash takes place between two powerful secret societies – the Sentinels and the Guardians, led by their mysterious masters Jaywardhan and Rudra Pratap. As the drama unfolds, principles, strengths, and virtues become entangled in a cosmic dance, featuring a warrior from another time, a squad of friends from the elite halls of IIM-Lucknow, a shadowy mercenary, and an ancient clan of Indian sages. This thrilling saga plays out in the tangible realm, woven with threads of mythology and mystery, setting the scene for a grand showdown that reaches its pinnacle in the sequel, *Dawn of Duality*.

London to Magadan Ian Rogers, 2018-12-11 An epic motorbike ride from the UK through Europe, Asia and Mongolia to the outer reaches of Siberia. A book about the healing power of travel and motorcycling through an unknown landscape. Fully illustrated with the photographs the author took while on the journey. When his wife died tragically, Ian Rogers decided

that to ride from London to Magadan, in Russia, would be his road to healing and recovery. Completing the Road of Bones on a motorcycle would be an escape route from the helplessness he had felt as he had nursed his wife through the cancer that he would in the end lose her to. It took him away from his work, his family, his normal life and gave him the time to grieve and put his world in perspective. No windows, no automatic transmission, no metal box protection and absolutely no safety belt, motorcycling fills your senses. Wind, rain, sunshine, smells and with your eyes always on the prize be it the idiot road users in built up areas or mile upon mile of breath-taking Mongolian wilderness. Join the author for a journey of discovery through 15 countries, 11 time zones and 30,000 kilometres of Europe, Central Asia and the Far East. An adventure story as well as a homage to the author's wife, this is diary of a journey to places people do not normally think of visiting, or know anything about. 'It's good to have an end to journey towards; but it is the journey that matters in the end.' Ursula Le Guin, author.

Going to Extremes Nick Middleton, 2012-08-09 In *Going to Extremes* writer, presenter and Oxford geography don Nick Middleton visits Oymyakon in Siberia, where the average winter temperature is -47 degrees and 40% of the population have lost their fingers to frostbite while changing the car wheel. Next he travels to Arica Chile where there have been fourteen consecutive years without a drop of rain and so fog is people's only source of water. Going from the driest to the wettest, he visits Mawsynram in India which annually competes for the title with its neighbour Cherrapunji. However, Nick discovers even here, that during the dry season, there is water shortage and one entrepreneur has started selling it bottled. Finally his journey takes him to Dalol in Ethiopia known as the 'hell hole of creation' where the temperature remains at 94 degrees year round. Here Nick will join miners who work all day with no shade, limited water and no protective clothing. The book and series consider how and why people lives in these harsh environments. How does Nick's body react to these contrasting extremes? He looks at the geographical and meteorological conditions. He meets local characters and discovers the history of these settlements to find out how they ever became populated. He looks at the way both the population, and the flora and fauna, have adapted physically to the climate, and also considers the psychological impact of living under such conditions.

The Child of Gulag Yuri Feynberg, 2013-02 This story is based on the life of author Yuri Feynberg, who is one of the last surviving children of the Soviet Penal System, known to the world as the GULAG. Although not a prisoner, Yuri spent his childhood behind the barbed wired fence in a remote Siberian hard labor camp, where his mother worked as a medical doctor. As the only child there, he lived among Stalin's political prisoners, hardcore criminals, and security guards. This extraordinary childhood created an unusual personality and an unbendable character, which made it possible for Yuri to excel in the Soviet Special Forces, survive prosecution, and overcome unfathomable personal tragedies without losing his humanity.

All the World's a Spittoon Samit Sawhny,2003 Those lucky enough to have seats are faced with a dilemma: the floor, with a full night of accumulated rubbish, is an unattractive surface on which to exercise. They solve the problem by standing on their chairs instead, from which vantage point they attempt to carry out the arm stretches, squats and jumping jacks called out by the Chinese Railway s fitness guru. After five years in London, Samit Sawhny decides to move back to India the long way. Vowing not to board a plane between London and Delhi, he heads east with a backpack, and soon finds himself where no Indian has gone before. After experiencing twenty-four-hour sunlight in Norway and teaching Europeans to play kabaddi in Helsinki, Samit watches Russians sunbathe standing up in St Petersburg and takes a stiff swig of Moscow s nightlife. Crossing the cultural border into Asia, he marvels at the courtship rituals of Yakutian women and the Siberian taste for B-grade Bollywood idols. Mongolia reveals the joys of open-air billiards, fermented mare s milk and stunningly pristine countryside; in China, Samit fishes for cormorants, watches the modernization march and follows briefly in Vikram Seth s footsteps. Tibet brings thrilling treks to Mt Kailash and Everest Base Camp, not to mention a hair-raising encounter with

some boy monks. The journey comes full circle in Kathmandu, where Samit finds himself discussing The Real India with a group of Western backpackers. Called upon to define Indian culture, he rises to the occasion and finds that some things never change. Born of a talent for seeing order (and humour) in chaos, All the World s a Spittoon is a rollicking journal of a road less travelled.

Kolyma Diaries Jacek Hugo-Bader,2014-04-03 From the author of the award-winning White Fever, Kolyma Diaries is an excursion into one of the world's last remaining badlands, a place full of Gulag ghosts and living wrecks. All along the 2000 kilometres of the Kolyma highway, Bader is plied with vodka. He hears mesmerizing, sometimes devastating, tales of the journeys that brought his 'fellow travellers', the people who give him lifts, to this benighted land. This is a book about the descendants of prisoners eking out a living, of conmen and veterans and scrap iron dealers, of corrupt politicians and organised crime. Stories are told of sons given away, husbands who reappear after three decades, scholars who now survive by foraging for mushrooms and berries, sculptors who hoard the heads lopped off statues of Lenin, miners who dig up mass graves while looking for gold, and all the addicts, convicts, fallen heroes and even sportsmen who run away from their troubles and end up in the most remote region in Russia

Road of Bones #1 Rich Douek,2019-05-22 In 1953, the Siberian Gulag of Kolyma is hell on Earth--which is why Roman Morozov leaps at the chance to escape it. But even if they make it out, Roman and his fellow escapees still have hundreds of miles of frozen tundra between them and freedom. With the help of a mysterious being straight out of his childhood fairy tale stories, Roman just might make it--or is the being simply a manifestation of his brutal circumstances driving him insane?
