Winning Your Infinite Freedom - Complete Series 2006-2011 Robert C. Worstell, 2016-11-21 How do you find more Freedom in your life? It's not that difficult, but you can't expect politics or government to really help you with it. Because it's an ability you already have. Really. This book is a collection of blog essays from 2006-2011, following one person's work to re-discover the route anyone could take in order to get the exact amount of real Freedom they want in their life. In these 5 years of study, Dr. Robert C. Worstell has spent his time and energy to uncover the secrets people have been looking for most of their lives: - How to get real control over your own life - or escape control of others. - Why needing the approval of others is just another trap - and what you can do about it today. - Escaping the security traps which other people are setting for you. - Finding how you can join the group of successful, happy people who are that way regardless of the government or anyone else. - How to regain any ability you want - by releasing your own native talents.

Freedom Is (Period.) Dr. Robert C. Worstell, 2017-05-17 If you don't have all the wealth, abundance, loving relationships, good health, or anything else you want in your life - you don't have to look further than your own thoughts. Here's a new idea for you: All the Freedom, Happiness, and Peace you want can already be found within you. The only things keeping these from showing up are the mental habits you have. And it's just too easy to get rid of these. But these are easy to solve. You can simply learn to control and quiet your own mind. Follow these authors: Dale Carnegie, Napoleon Hill, Wallace Wattles, Charles Haanel, Earl Nightingale, Max Freedom Long, Lester Levenson - as they show you how simple it is to get all these thoughts quieted. And then everything else you could possibly want simply starts showing up in your life! For the first time, these teachers' secrets have been assembled for your use. Will you take the offered hand? Living Sensical Dr. Robert C. Worstell, 2016-02-18 About 5% of the population know for a fact that the world is filled with endless opportunities and that a person can be and have whatever they want, by learning what they need to know from freely available sources. The other 95% don't believe it and work to make sure no one else does either. What you believe is your choice. It always has been, always will be. - - - The biggest problem you have stems from what you haven't been taught. It's not on any curriculum in any school - I don't know that it ever has been. The government ignores this, but talks about it all the time. Several authors through history have written books with this in the title, but never get around to actually defining it for anyone. Yet everyone can do this. Everyone can practice this. Everyone can learn to live abundant, miraculous lives - if the people around them will just allow it... To find out - Get Your Copy Today...

Freedom Technique Yuri Spilny, 2011-11-19 For all communications, please, use only this address: toynaper@gmail.com. Book One, Revised You can have, be, and do whatever you will or desire. The only thing stopping you is the accumulation of negative thoughts and feelings which you are subconsciously holding. Remove these, and you remove the blocks to

accomplish whatever you wish in life. Remove these, and you will find happiness, satisfaction, and joy beyond your wildest dreams. Remove these, and you are Free. These few lines express the essence of Lester Levenson's Releasing method that he proved with his life. The last chapter of this book is devoted to the Autobiography by Lester. This book is for your heart... In this book Yuri makes you ask yourself... Can I learn to trust something more than my own mind? Like Alice in Wonderland and her steps through the mirror am I really so close and still not seeing: 'IT' has been within me all the time? Why do I insist on hanging on to my mind's guidance when it really knows so little about Life, the Universe and all that it contains? Can I quiet my mind long enough to give my heart the first say in the rest of my life's journey? I have found this to be a priceless exercise. And I am now embracing this journey that I have always been on but for the first time with an embracing of no limits to the volume of love I can contain. I've turned the mirror around and I see my inner self. Jill Sloan, Kernville, CA For me, the best thing about Freedom Technique was the discovery of certain very real, concrete, and key psychological methods, the practice of which can only but lead to increased awareness, love and to result in healing, success, and enlightenment. These methods take a very balanced and gentle approach, helping to calmly and work with feelings we would rather run away from. In doing so, one learns to become one's own full-time psychologist, an enormous growth step for almost everyone. With proper practice, it can lead to the emergence of the ideal inner parent who binds up the wounds and dresses the scars of our not-so-easy lives. But the book has more than just psychotherapeutic value. Much care and attention is devoted to placing the Freedom Technique method into the center of an entire religious world view. This holistic approach leads the reader beyond just himself and his problems and beyond the questions, hurts, and limitations which mere psychology could never answer, heal, or transcend. By offering a horizon of utter fulfillment, Freedom Technique strengthens and gives courage to readers to start on the path of awareness and love critical to healing, success, and wholeness. Thomas Finnell, Ohio I want to tell you that Freedom Technique really works. It takes some effort but it's worth it. Things started happening to me - things I wanted but was afraid of and thought impossible to happen. It was something I wished for during the whole summer. And it came without any work on my part. It just came. And I was able to take advantage of every moment without thinking of the past or future. Really, it was so exciting to see how things came together in a perfect manner. It's like suddenly I was able to complete the hardest puzzle. Polina, Moscow, Russia

Lester's Wisdom III; Freedom Technique III Lester Levenson, Yuri Spilny, 2018-07-09 Yuri, You have captured the essence. What I read is a beautiful testimony to the power of Love. I think for each of us, the path is the same, yet different. But people like you are beacons who, simply by example, embody the potential of living life from another higher perspective. In the language of the Course of Miracles, you are a miracle-worker. Miracles are their word for changes in perception - path from fear to love. I believe the Course of Miracles is a sacred text. I also feel that your teaching might prove to make its message more accessible to the thousands of people who read it, are captured by its power, yet find it hard to actually practice. It could be a world-changing message, yet it needs people like you - who already live its principles - to help spread the message of the transformational power of Love. Jim Nowak In 1953, Lester Levenson made an incredible discovery. For decades, it was concealed behind the Releasing Technique. It is called The Transformation Process -- a simple and powerful method that Lester discovered and employed to realize Love and Freedom in three months. You can have, be, and do whatever you will or desire, says Lester. The only thing stopping you is the accumulation of negative thoughts and feelings, which you are subconsciously holding... Here Lester offers Transformation of the entire negative subconscious past into Love - a Supreme Releasing process that brought him Love and Freedom.
