Agents of Repression Ward Churchill, Jim Vander Wall, 2002 For those wondering how Bill Clinton could pardon white-collar fugitive Marc Rich but not Native American leader Leonard Peltier, important clues can be found in this classic study of the FBI's COINTELPRO (Counterintelligence Program). Agents of Repression includes an incisive historical account of the FBI siege of Wounded Knee, and reveals the viciousness of COINTELPRO campaigns targeting the Black Liberation movement. The authors' new introduction examines the legacies of the Panthers and AIM, and shows how the FBI still presents a threat to those committed to fundamental social change. Ward Churchill is author of From a Native Son. Jim Vander Wall is co-author of The COINTELPRO Papers: Documents from the FBI's Secret Wars Against Dissent in the United States, with Ward Churchill.

All the Rest Is Propaganda Mike Hockney,2014-09-12 The world is always forcing its propaganda on you. Everyone is selling you something. At the least, they're selling you their story, their version of events, their view of the world, the way they want things to be. You're at it too. Facebook and Twitter are not social networking platforms. They're personal propaganda vehicles, which is why people lavish so much time on them. They're cyber self-portraits, and people will endlessly keep airbrushing them. What's the secret of making money? Pander to people's narcissism. Make it all about them - their favourite subject. We're saturated with propaganda. The media and advertising industries have no other function than to mass produce propaganda. Where is the truth? What and whom can you trust? What propaganda techniques should you be looking out for? How can you protect yourself? This is the gospel of anti-propaganda, the exposé of all the propagandists out to get you.

The Palgrave Handbook of Social Movements, Revolution, and Social Transformation Berch Berberoglu,2018-09-26 This handbook on social movements, revolution, and social transformation analyzes people's struggles to bring about social change in the age of globalization. It examines the origins, nature, dynamics, and challenges of such movements as they aim to change dominant social, economic, and political institutions and structures across the globe. Departing from a theoretical introduction that explores major classical and contemporary theories of social movements and transformation, the contributions collected here use a class-based approach to examine key cases of social movements, rebellions, and revolutions worldwide from the turn of the twentieth to the early twenty-first centuries. Against this wide-ranging background, the handbook concludes by charting the varied and competing future developments and trajectories of social movements, revolutions, and social transformations.

Cell 77 Aslan Demir, 2020-09-03 Sharing the same prison cell crammed with teachers, doctors, and mothers with babies, a Kurdish female journalist conveys the story of persecution under an authoritarian regime in present-day Turkey. It is not only Kurds, the Orphan Nation of Mesopotamia, she finds out, but all who think differently than the government are made to pay a high price with their lives either behind bars or at risk among the waves of the Mediterranean.

Native American Voices Susan Lobo, Steve Talbot, 2001 *Native American Voices* is a unique collection of works designed to present readers with an exciting view into the diverse field of Native American Studies. Editors Susan Lobo and Steve Talbot incorporate a hemispheric approach that reflects the varied perspectives, histories, and realities of the indigenous peoples of the Americas. The collection contains not only scholarly articles but also journalistic selections, oral history and testimony, songs, poetry, and other documents that bring into focus the multidisciplinary nature of this field. Maps and original artwork provide further context for the selections, and an extensive tribal name index and lists of key terms facilitate both reference and comparative study.

Indians are Us? Ward Churchill, 1994 Churchill returns to cultural criticism for this fiery follow-up to his *Fantasies of the Master Race*. Once again he sets out to expose those who would appropriate Native culture and turn it into a commodity to be bought and sold. He reviews motion pictures (demonstrating the historical inaccuracies and perpetuation of stereotypes in *Black Robe*) and books (calling *In the Absence of the Sacred* by Jerry Mander an example of intellectual appropriation by a supposedly sympathetic author). He turns an essay on Jack Weatherford's book, *Indian Givers* , into an exploration of plagiarism and publishers' penchant for books about Indians by non-Natives while works by Natives themselves go begging. Other pieces deal with the issue of products and sports teams with Indian names and the impact of government definitions of

who is Indian on Native artist Jimmie Durham. The final piece examines how language oppresses and how it might be used for liberation. Churchill's controversial style and work have brought him into conflict with both Natives and non-Natives. Readers will, however, respect his passion and consistency. -- Publisher's Weekly.
