Join Joe and his Echo Team as they face off against sub-human horrors and villains that Ledger's team set out to make sure the world will never know in this heart-pounding bundle containing Patient Zero, The Dragon Factory, and The King of Plagues! In Patient Zero, Ledger knows that when you have to kill the same terrorist twice in one week there's either something wrong with your world or something wrong with your skills... and there's nothing wrong with his skills. And that's both a good, and a bad thing. It's good because he's a Baltimore detective that has just been secretly recruited by the government to lead a new taskforce created to deal with the problems that Homeland Security can't handle. This rapid response group is called the Department of Military Sciences or the DMS for short. It's bad because his first mission is to help stop a group of terrorists from releasing a dreadful bio-weapon that can turn ordinary people into zombies. The fate of the world hangs in the balance.... In The Dragon Factory, Joe Ledger and the DMS (Department of Military Sciences) are called upon again to go up against two competing groups of geneticists. One side is creating exotic transgenic monsters and genetically enhanced mercenary armies; the other is using 21st century technology to continue the Nazi Master Race program begun by Josef Mengele. Both sides want to see the DMS destroyed, and they've drawn first blood. Neither side is prepared for Ledger as he leads Echo Team to war under a black flag. In The King of Plagues it's Saturday at 09:11 Hours when a blast rocks a London hospital and thousands are left dead or injured... At 10:09 Hours: Joe Ledger arrives on scene to investigate. The horror is unlike anything he has ever seen. Compelled by grief and rage, Joe rejoins the DMS and within hours is attacked by a hit-team of assassins and sent on a suicide mission into a viral hot zone during an Ebola outbreak. S

The Joe Ledger Series, Thus Far Jonathan Maberry, 2016-05-31 #1 New York Times bestselling author Jonathan Maberry is a master of horror. His imagination is the fodder for our worst nightmares. Here together for the first time are eight novels of Maberry's spine-tingling Joe Ledger series: Patient Zero introduces readers to the legend that is Joe Ledger and to the secret government agency, the Department of Military Sciences (DMS) that recruits him. Terrorists have a death-defying bioweapon that threatens to turn innocent civilians into man-eating zombies. In Dragon Factory, Joe Ledger and the DMS face-off against two competing groups of geneticists. One side is creating exotic transgenic monsters and enhanced mercenary armies; the other is using modern technology to continue the Nazi Master Race program begun by Josef Mengele. The King of Plagues introduces Joe and his DMS team to a massively powerful secret society bent on world destruction. They plan to use the Ten Plagues of Egypt to destroy global economies unless Joe can stop them. In Assassin's Code, Joe Ledger

and Echo Team go on a relentless chase to stop an ancient order of killers from plunging the world into Holy War. When they rescue American hostages, the Iranian government asks them to help find six nuclear bombs, a chase that leads them into vaults of forbidden knowledge, mass-murder, and a brotherhood of genetically-engineered blood-thirsty killers. Extinction Machine finds UFOs in the sky, the president of the United States missing, and Joe Ledger and the Department of Military Sciences rushing headlong into the world's deadliest arms race. The global sprint to retro-engineer alien technologies halts when someone—or something—wants that technology back. Code Zero is the exciting and direct sequel to Patient Zero. A highly elite team of killers breaks through unbreakable security and steals the world's most dangerous weapons. Within days there are outbreaks of mass slaughter and murderous insanity. Joe Ledger must stop the Land of the Free from turning into a land of the dead. When armies of killer drones explode across the nation, on baseball's opening day, Joe Ledger and his team realize that American technology has been compromised at all levels, most importantly, on Air Force One. The president is trapped, and the plane is now a missile; it has become Predator One. In Kill Switch, a terrifying new kind of assassin has the power to take over people's minds in order to wreak chaos on the world. A terrorist group has acquired one hundred E-bombs. Each bomb's electromagnetic pulse is powerful enough to blow out all power and all technology from a major city. Joe must stop the criminals waiting for the lights to go out.
