Małgorzata Kowalczyk

Inside the Rise of HBO Bill Mesce, Jr.,2015-07-04 There are two ages in the history of television: before HBO and after HBO. Before the launch of Home Box Office in 1972, the industry had changed little since the birth of broadcast network television in the late 1940s. The arrival of the premium cable channel began a revolution in the business and programming of TV. For the generation that has grown up with the vast array of viewing choices available today, it is almost inconceivable that our ever-expanding media universe began with a few hours of unimpressive programming on a single cable channel. Written by an insider, this is the story of HBO's reconfiguration of television and the company's continual reinvention of itself in a competitive and dynamic industry.

European Television Crime Drama and Beyond Kim Toft Hansen,Steven Peacock,Sue Turnbull,2018-12-05 This book is the first to focus on the role of European television crime drama on the international market. As a genre, the television crime drama has enjoyed a long and successful career, routinely serving as a prism from which to observe the local, national and even transnational issues that are prevalent in society. This extensive volume explores a wide range of countries, from the US to European countries such as Spain, Italy, the Scandinavian countries, Germany, England and Wales, in order to reveal the very currencies that are at work in the global production and circulation of the TV crime drama. The chapters, all written by leading television and crime fiction scholars, provide readings of crime dramas such as the Swedish-Danish *The Bridge*, the Welsh *Hinterland*, the Spanish *Under Suspicion*, the Italian *Gomorra*, the German *Tatort* and the Turkish *Cinayet*. By examining both European texts and the 'European-ness' of various international dramas, this book ultimately demonstrates that transnationalism is at the very core of TV crime drama in Europe and beyond.
