The Last Gaddafi Borna Ahadi, Ayesha Gaddafi's life is a tale of extraordinary contrasts privilege and exile, power and vulnerability, loyalty and loss. As the daughter of Muammar Gaddafi, she grew up in the corridors of power, revered as a symbol of Libya's future. But when her family's regime collapsed, she was thrust into a life of exile, navigating the shadows of her father's controversial legacy. In this compelling narrative, *The Last Gaddafi: Ayesha's Struggle in a Divided World*, we follow Ayesha's journey from the heights of political influence to the isolation of exile. Amid the chaos of a divided Libya, Ayesha emerges as a figure of resilience, grappling with questions of identity, loyalty, and the enduring weight of history. From her role as a defender of her family's narrative to her struggles as a mother striving to instill pride and hope in her children, Ayesha's story is a testament to the complexities of human spirit and survival. This book offers an intimate portrait of a woman caught between the grandeur of her family's past and the uncertainty of a fractured future. Rich with insight, reflection, and untold stories, *The Last Gaddafi* sheds light on the personal and political challenges faced by a woman determined to carve her own path while holding on to the dream of a united and prosperous Libya. It is a story of adaptation,

survival, and the relentless pursuit of hope in the face of unimaginable adversity.

The Arab Spring Antoni Abat i Ninet, Mark Tushnet, 2015-10-30 Approaching the concept of Islamic constitutionalism from a comparative perspective, this thought-provoking study by Antoni Abat i Ninet and Mark Tushnet uses traditional Western political theory as a lens to develop a framework for analyzing the events known as the 'Arab Spring'. Writing with clarity and insight, the authors place Western and Arabic traditions into a constructive dialogue. They focus on whether we can develop a 'theory of revolutions' that helps us understand events occurring at divergent times at geographically separate locations. This question is meticulously analyzed through the detailed examination of specific developments relevant to the ideas of revolution and constitutionalism in several nations affected by the Arab Spring. Case studies focus on Morocco and Libya as examples of unsuccessful revolutions, as well as Tunisia and Egypt. These lead the authors to consider the nature of constitutionalism itself and the concept of illiberal but non-authoritarian constitutions: a particularly pressing concern given the prominent contemporary discussions of the role of shari'a in post-Arab Spring constitutions. The Arab Spring will offer new insights to scholars, researchers and students of law and the political sciences, in particular those focusing on theories of revolution, democracy, constitutional law, Islamic constitutionalism and legal theory.

Seeking Gaddafi Daniel Kawczynski, 2011-10-31 On 18th March 2011 the United Nations passed Resolution 1973 allowing the establishment of a No Fly Zone above the towns and cities of Libya to defend civilians from the oppressive regime of Colonel Muammar Gaddafi. With NATO planes now patrolling the skies over Libya's main cities, the country faces an uncertain future: Revolution? Civil War? Partition? Only one man holds the answer, and he is not going to give up power

easily. Seeking Gaddafi is a fascinating portrait of one of the most controversial figures in modern history. Gaddafi has, for four decades, been absolute ruler of Libya, a country where basic civil liberties are virtually nonexistent, and opposition not tolerated. For much of his reign he has been implicated in subversion and terrorist activities throughout the world and regarded as a patron of international terrorism. Of late, he had been seeking a more open relationship with the West, a courtship that ended abruptly with the events of spring 2011. As the UK is drawn into yet another overseas conflict, Daniel Kawczynski, advisor on Libyan affairs to William Hague's Foreign Office team, examines the persona and career of one of the world's most enigmatic and bizarre leaders and looks at what it would take to unseat him, and what happens next.

The price of gas was US \$0.14 per Litre or \$0.56 per gallon under Gaddafi.
