The Indigo Flame Isobel Blackthorn, 2022-07-03 A collection of esoteric fiction, 'The Indigo Flame' contains four standalone novels from author Isobel Blackthorn, now available in one volume! *The Drago Tree*: Haunted by demons past and present, geologist Ann Salter seeks sanctuary on the exotic island of Lanzarote. Ann's encounters with the island's hidden treasures becomes a journey deep inside herself, as she struggles to understand who she was, who she is, and who she wants to be. Set against a panoramic backdrop of dramatic island landscapes and Spanish colonial history, *The Drago Tree* is an intriguing tale of betrayal, conquest and love. *The Unlikely Occultist*: Librarian Heather Brown discovers the fascinating life of Alice Bailey - a long forgotten occultist. Back in 1931, Alice is preparing to give a speech at a Swiss summer school. But how can she stave the tide of hatred and greed set to bring the world to its knees? What she doesn't realize is the enormity of her influence to the world, and the real enemies who are much closer than she thinks. A dynamic and complex figure, Alice Bailey was widely regarded as the Mother of the New Age. *Emma's Tapestry*: At the dawn of World War Two, German-born nurse Emma Taylor sits by the bedside of a Jewish heiress in London as she reminisces over her past. She's taken back to her days in Singapore on the eve of World War One, and her struggle to fit into colonial life and the need to hide her true identity. Emma is caught up in history, the highs, the lows, the adventures. A deadly mutiny, terrifying rice riots and a confrontation with the Ku Klux Klan bring home, for all migrants, the fragility of belonging. *A Perfect Square*: Across two continents, two sets of mothers and daughters are bound by a dark mystery. On a winter's day in the Dandenong Ranges, Australia, pianist Ginny returns home to her eccentric mother, Harriet. Ginny tries to prise the truth of her father's disappearance. In an effort to distract her daughter's interrogations, Harriet proposes they collaborate on an exhibition of paintings and songs. Meanwhile, on the edge of Dartmoor, artist Judith paints landscapes of the Australian Outback to soothe her troubled heart, as her wayward daughter Madeleine returns and fills the house with darkness.

Animal Rights/Human Rights David Nibert, 2002-05-28 This accessible and cutting-edge work offers a new look at the

history of western 'civilization,' one that brings into focus the interrelated suffering of oppressed humans and other animals. Nibert argues persuasively that throughout history the exploitation of other animals has gone hand in hand with the oppression of women, people of color, and other oppressed groups. He maintains that the oppression both of humans and of other species of animals is inextricably tangled within the structure of social arrangements. Nibert asserts that human use and mistreatment of other animals are not natural and do little to further the human condition. Nibert's analysis emphasizes the economic and elite-driven character of prejudice, discrimination, and institutionalized repression of humans and other animals. His examination of the economic entanglements of the oppression of human and other animals is supplemented with an analysis of ideological forces and the use of state power in this sociological expose of the grotesque uses of the oppressed, past and present. Nibert suggests that the liberation of devalued groups of humans is unlikely in a world that uses other animals as fodder for the continual growth and expansion of transnational corporations and, conversely, that animal liberation cannot take place when humans continue to be exploited and oppressed.

Modern Sports around the World David Asa Schwartz,2021-06-14 This superbly written volume will appeal to sports and physical education students; researchers in foreign policy, gender studies, history, politics, sociology, and technology; and general high school and college readers who enjoy the odd sports history factoid. – Library Journal Sports have become an international spectacle that influences nations' foreign policy, world economies, and regional morale. Hundreds of billions of dollars are at stake as governments and multinational corporations rush to make sure they have a place at the table. And yet, sports come from humble beginnings. We are fascinated by who can run the fastest, lift the most weight, jump the highest, swim the farthest, and act with the most precision. The history of sports is the history of the world. Each chapter features one sport and details that sport's origins, global migration, economic forces, media influences, political environment, pop-culture inspirations, scandalous moments, and key individuals. Sports history is a tapestry of sociological variables; this text weaves them together to create a unique history book that explains not only where humanity has been, but where it might be going.

The Encyclopedia of Best Films Jay Robert Nash,2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis,

each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
