The Sky Below Stacey D'Erasmus, 2009 From a rising literary star in the tradition of Carol Shields and A. S. Byatt comes this luminous story of a contemporary man's metamorphosis. Andrea Barrett and Michael Cunningham have lauded Stacey D'Erasmus for the beauty of her language and her ability to create worlds that leave a lasting impression. In her new novel, D'Erasmus reaches back to Ovid for inspiration in this tale of how the mythic animates our everyday lives. At thirty-seven,

Gabriel Collins works halfheartedly as an obituary writer at a fading newspaper in lower Manhattan, which, since 9/11, feels like a city of the dead. This once dreamy and appealing boy has turned from a rebellious adolescent to an adult who trades in petty crimes. His wealthy, older boyfriend is indulgent of him—to a point. But after a brush with his own mortality, Gabriel must flee to Mexico in order to put himself back together. By novel's end, we know all of Gabriel's ratty little secrets, but by dint of D'Erasmus's spectacular writing, we exult in the story of an imperfect man who—tested by a world that is often too much for him—rises to meet the challenge.

The Taking of Room 114 Mel Glenn, 1997 A series of poems reflect the thoughts of school officials, parents, police, and especially a class of seniors who have been taken hostage by their high school history teacher.

Enchanted Places Aiping Zhang, 1997-09-30 Most of Fitzgerald's novels and stories start as a romance of love or a fantasy of extravagant glamour, but as the settings and the interplay between characters and the places they live are carefully examined, an emblem-like quality is discovered in their deceptively simple configuration. The first full-length study of Fitzgerald's unparalleled representation of Jazz Age America, this book analyzes an essential, but relatively uncultivated part of the artistry in Fitzgerald's fiction: his use of domestic and urban settings. Fitzgerald's use of these settings as a rich source of imagery objectifies social trends and individual desires. Each setting is no longer just a locale, or a site for a story's action, but a sophisticated device, an integral part of the story designed to convey a unique vision of life in a profound way. Such parabolic quality, the author argues, gives Fitzgerald's fiction enormous possibilities of temporal span and multiple situations, as well as a microcosmic capacity for containing the complexities of reality.

Contemporary American Business Leaders John N. Ingham, Lynne Feldman, 1990-04-17 . . . includes biographies of 116 people whom the authors considered 'historically most significant' from post-World War II to the present. Its introduction is an excellent review of significant happenings in U.S. business. The rise of automobile manufacturing, which spawned service stations that resulted in customized auto repair shops, is one example used to depict the evolution of U.S. industry. . . . This is an important purchase for any public, academic, or corporate library that has a clientele interested in current U.S. business. *Reference Books Bulletin* This work contains 116 biographies of American business leaders since World War II. Because many of these are multiple biographies, the dictionary covers more than 150 individual business leaders. The book features full-scale biographies, running several pages in length, on leaders who were chosen specifically to illustrate major American business trends from 1945 to the present. A detailed introductory essay places these business leaders within the context of the most important business trends of the time, providing the reader with an in-depth, incisive

view of the evolution of American business during a period of critical transformation. The dictionary also includes a number of female and black business leaders, thereby charting their contributions to American business during a time when the civil rights crusade and the drive for women's rights opened up increasing opportunities for those groups. Each biography in this collection is followed by a detailed bibliography. The backmatter includes a number of appendices that allow the reader to pursue biographies of business leaders according to industry, company, location of business operations, and birthplace, along with listings of black and women business leaders. This volume would make a valuable addition to any university or public library collection, and it would be of great use to anyone interested in business history or management.

The Murder of Jacob Mary Ellen Johnson,1997 On December 17, 1992, Pamela and Kermode Jordan were brutally murdered in their lovely Colorado home. The following morning, the Jordan's fifteen-year-old son, Jacob Ind, confessed to the murders. They beat me, they beat me and I couldn't take it any more. Was Jacob Ind a murderer? Was Jacob a victim? Or is he both? Come with me. Enter Jacob's world-a world where love means hate, where right and wrong are traps to be set by parents determined to raise the perfect boys. A precocious child, Jacob learned from his two greatest teachers that problems are always solved through violence. And, via America's criminal justice system, the Jordan's lesson continues to be reinforced. Come with me. Enter Jacobs world. Discover, as I did, that there are many different kinds of murder. -Mary Ellen Johnson, author-
