Aged Passion!!! a Review of Herbs and Vitamins for Male Sexual Enhancement Lydia Gaines,2018-04-17 Male sexual enhancement pills and capsules now capture a huge part of the need to perform market. Products sold over the counter have to be nonprescription, which in this case means that most of their components will be some herb or vitamin known to improve sexual abilities. There is little data confirming the ability of any of these herbs to enhance sexual function. When we say this we are looking at the time to erection, the length and strength of the erection, the frequency of erection, and sometimes even the quantity of ejaculate and the sperm count within it. This ebook looks at the herbs and vitamins most commonly found in sexual enhancement products and attempts to quantify the quality of that herb for its intended purpose, Already we know that many herbs are in short supply from over harvesting. Thus, it can be assumed it would be costly to buy. Other herbs have been reported to be great for the heart and overall health, but that does not necessarily mean they are good for the erection. A close review of these products reveals that most don't have an adequate dose of the different ingredients to create any positive result. Moreover, proprietary blends that list dozens of ingredients, don't necessarily make for great male sexual products. Perhaps four well dosed products taken over time may work better than a mix of 20 containing inadequate amounts of almost all listed ingredients. To help with this, I have created the SER 1-5 scoring system which uses research and past literature from medical and scientific sources to determine the likelihood that this herb or vitamin could actually be of help. In addition, many of the added ingredients seem to be there to help with heart function and not specifically, sexual function, The SER 1-5 scoring system allows you to make some kind of well thought out decision before purchasing the male enhancement pills, Then there is the IIEF-5 form which can be downloaded from the web to help you detail your results and determine if the product was truly helpful after taking for some time or if it was just a case of enhanced expectations. My email has been included so that this discussion can be continued. My best information comes from men who have become comfortable with me and feel ok with talking about their experiences. This is just the beginning, Next ebook in the series of AGE PASSION will discuss ways to enlarge the penis and after that, we will look at the meds to cause erections or prevent them. Here we look at over 30 commonly used herbs used in male sexual enhancement pills and

try to give each a realistic value as male enhancement agents. If you don't see one listed, it is probably because it is hard to obtain and rarely used. Don't despair. I have listed my email so you can send me any other request.

Male Enhancement James Morris,2016-12-23 Male EnhancementYour Options to Penis Enlargement Penis Surgery Penis Stretchers Penis Pumps Penis Clamps Penis Pills Penis Exercise And MORE!!! They say bigger is better. For the average man, the concern that his best buddy doesn't measure up is a very real and worrisome problem. To make matters worse, there is a lot of false and misleading information on this topic available on the Internet. Since many of the proposed solutions for penis enlargement and or erectile dysfunction are not regulated in any way, the phrase caveat emptor (buyer beware) definitely applies. Penis Enlargement Options attempts to wade through the various methods, tools, pills, supplements, and other solutions and educate you on what works and what doesn't work. If you search the Internet you will also find that while

a simple Google search returns more than 12 million results. Ironically, much of the information found in those pages is repetitive. It is surprising how little actual information is in those pages compared to how much is advertising claims and boasts. The problem is there has been very little actual medical or scientific research conducted on this subject and so the advertising industry has stepped in to fill the vacuum. What little research that has been done has produced either inconclusive or negative findings. A lot of men have spent a lot of money in an effort to get a larger penis or to counter the effects of erectile dysfunction. While drugs such as Viagra or Cialis have helped many erectile dysfunction sufferers, they are not a solution for every man. They also do nothing for the individual who feels he is lacking in this very important area. You will learn about what is available, how it is used, and how helpful it is likely to be. This includes: Penis Exercises - there are many exercises designed to enlarge and thicken the penis. How well do these penis exercises work? How long does it take for them to show improvement? How much risk is there for injury with them? "b>Penis Pills - most people know about the big three erectile dysfunction drugs, but there are actually about 20 medicines approved by the Food and Drug Administration for treating erectile dysfunction and more are being developed every day. How much help can you expect from them? How much do they cost? How do they work? penis supplements - there are hundreds, perhaps thousands of over the counter supplements on the market, many of which claim to help cure erectile dysfunction or give men a larger penis. Find out in this book which ones may actually do you some good versus the ones that will only make your wallet smaller. penis size and your sexual performance. Learn what foods can help you perform better and what foods won't make things harder. penis pumps, cock rings, penis traction devices and other tools to help your tool. Do any of these things actually work? penis surgery? How effective are these treatments? If they are effective, how expensive can those surgeries be? You will also see how some of these solutions can be utilized together for improved results. Especially important, you will learn how to employ the various methods discussed in the book safely. This is vitally important since many of them need the warnings and cautions you will read about here. Start your journey through the different male enhancement options now!

**Really Natural Male Enhancement** Jerry Michaels, 2013-10-13 This is a short, practical, easy read that will help many men who suffer with erectile dysfunction. It is based in one man's experience, and quest for the return of his untimely loss of sexual potency. This is not a panacea, and is not even medical advice. In this book is a real hope for many men (and women, for their men.) Good journey! Don't forget to laugh along the way... God is good, Life is short, and Love is a verb.
