The Seven Spiritual Laws for Parents Deepak Chopra, M.D., 2007-12-18 *The Seven Spiritual Laws of Success* was a phenomenally successful book--more than 1,600,000 copies were sold--and as copies were passed between friends and loved ones, it touched millions more lives. Its author, Deepak Chopra, received thousands of letters from readers, many of whom expressed the desire to convey those same principles to their children, along with questions about how to do so. After a general discussion of parenting and the gift of spirit, this book explores specific ways to practice the Seven Spiritual Laws as a family, how to convey these laws to children depending on their ages, and how to embody them in age-specific activities each day, beginning on Sundays with the Law of Pure Potentiality. *The Seven Spiritual Laws for Parents* moves us beyond private triumphs and failures to experience the spiritual nature of communion with family, to share with those closest to us the infinite riches of innocence and love.

Coaching to "The Seven Spiritual Laws of Success" to Chopra Dr. Lutz Knoche, 2017-05-17 Scientists, physicians and spiritual personalities are coming to the public with the message of initiating a new development of consciousness that connects science and spirituality with ever greater, more frequent and convincing results. In physics, especially in quantum physics, the boundaries between these two areas are often no longer clear. Quantum physics has demonstrated how consciousness can change. Now this knowledge must also be used in a targeted manner. To have success is to realize wishes with very specific intentions. Chopra, in his book The Seven Spiritual Laws of Success, now shows the way everyone can realize their desires and intentions without difficulty, with consciousness. I will therefore try to describe and comment on these laws so that it is easier for people to implement them. But does not relieve anyone of the discipline of working and apply on a regular basis.

However, this approach can be extremely effective in the short term relief of symptoms. It rarely promotes a deeper understanding of life, and the side effects of medications are often limiting. #4 The game of hide-and-seek that spirit plays with us is the process of uncovering the layers that mask our essential unbounded nature. These layers are called koshas, and they are divided into three primary divisions: a physical body, a subtle body, and a causal body.
