Encyclopedia of Great Popular Song Recordings Steve Sullivan, 2017-05-17 Volumes 3 and 4 of the The Encyclopedia of More Great Popular Song Recordings provides the stories behind approximately 1,700 more of the greatest song recordings in the history of the music industry, from 1890 to today. In this masterful survey, all genres of popular music are covered, from pop, rock, soul, and country to jazz, blues, classic vocals, hip-hop, folk, gospel, and ethnic/world music. Collectors will find detailed discographical data—recording dates, record numbers, Billboard chart data, and personnel—while music lovers will appreciate the detailed commentaries and deep research on the songs, their recording, and the artists. Readers who revel in pop cultural history will savor each chapter as it plunges deeply into key events—in music, society, and the world—from each era of the past 125 years. Following in the wake of the first two volumes of his original Encyclopedia of Great Popular Song Recordings, this follow-up work covers not only more beloved classic performances in pop music history, but many lesser-known but exceptional recordings that—in the modern digital world of “long tail” listening, re-mastered recordings, and “lost but found” possibilities—Sullivan mines from modern recording history. The Encyclopedia of Great Popular Song Recordings, Volumes 3 and 4 lets the readers discover, and, through their playlist services, from such as iTunes to and Spotify, build a truly deepcomprehensive catalog of classic performances that deserve to be a part of every passionate music lover’s life. Sullivan organizes songs in chronological order, starting in 1890 and continuing all the way through to the present to include modern gems from June 2016. In each chapter, Sullivanhe immerses readers, era by era, in the popular music recordings of the time, noting key events that occurred at the time to painting a comprehensive picture in music history of each periodfor each song. Moreover, Sullivan includes for context bulleted lists noting key events that occurred during the song’s recording

Gender and Rock Mary Celeste Kearney, 2017-07-13 The first book of its kind, *Gender & Rock* introduces readers to how gender operates in multiple sites within rock culture, including its music, lyrics, imagery, performances, instruments, and business practices. Additionally, it explores how rock culture, despite a history of regressive gender politics, has provided a place for musicians and consumers to experiment with alternate identities and ways of being. Drawing on feminist and queer scholarship in popular music studies, musicology, cultural studies, sociology, performance studies, literary analysis, and media studies, *Gender & Rock* provides readers with a survey of the topics, theories, and methods necessary for understanding and conducting analyses of gender in rock culture. Via an intersectional approach, the book examines how the

gendering of particular roles, practices, technologies, and institutions within rock culture is related to discourses of race, sexuality, age, and class.

Excerpt: Viva la Vida (Spanish pronunciation:), is a song by the English alternative rock band Coldplay. It was written by all members of the band for their fourth album, Viva la Vida or Death and All His Friends (2008), and was released as the second single from the album. On the album, this song segues directly into the next track, Violet Hill. Viva la Vida means Long live life as well as Live life in Spanish. The lyrics to the song contain historical and Christian references, and the track is built around a repeating string section with a percussion background. Coldplay performed some of the song live in The Simpsons episode Million Dollar Maybe. The song was released on 12 June 2008 as the album's second single, debuting to critical and commercial success. Viva la Vida reached the top spot of the UK Singles Chart and Billboard Hot 100, becoming the band's first number-one single in both the US and UK. The song won the Grammy Award for Song of the Year at the 51st Grammy Awards in 2009. The song became the sixth song in digital history to reach the 4 million mark in paid downloads. It has sold over 5 million copies in the United States, becoming only the second song by a British act to reach this milestone. The song was played to the crew of the Space Shuttle Atlantis to wake them up on day two of mission...
