**A Modern Man** George Carlin,2021-11-02 A new collection of greatest hits from one of the greatest comedians of our time, George Carlin, now the subject of the HBO documentary George Carlin's American Dream, directed by Judd Apatow and Michael Bonfiglio George Carlin was: "a true, true artist" (Chris Rock)... "the master" (Jon Stewart)... "one of the Mount Rushmore guys in our profession" (Jerry Seinfeld)... "the comedian's comedian" (Jay Leno)... "an icon for comedy" (Margaret Cho)... "a deep thinker and a very, very funny man" (Lily Tomlin)... "one of my heroes" (Stephen Colbert)... "brilliant" (Joan Rivers)... You can't talk about comedy legends without talking George Carlin. Named the greatest standup of all time by XM Radio's "All Time Comedy Greats" (and #2 by both Comedy Central and Rolling Stone), Carlin garnered multiple gold records, 4 Grammys, 6 Emmy nominations, and the Mark Twain Prize for American Humor. He was the first host of SNL, appeared on the Tonight Show some 130 times, and acted in beloved films like Bill and Ted's Excellent Adventure and Dogma. Dubbed "the dean of counterculture comedians," there was no one like George Carlin. Featuring a foreword by Lewis Black and an introduction by Carlin's longtime best friend and manager, A Modern Man is a perfect introduction for new fans and a must-have for longtime fans, showcasing the longevity, range, and—above all—hilarity of the master. Filled with thoughts, musings, questions, lists, beliefs, curiosities, monologues, assertions, assumptions, and other delicious verbal ordeals, it is drop-dead funny tour through Carlin's singular mind. More than ten years after his death, Carlin's characteristically ironic takes on life's annoying universal truths remain thoughtful, fearless, and somehow more relevant than ever.

Popular Culture, Political Economy and the Death of Feminism Penny Griffin,2015-06-05 While some have argued that we live in a 'postfeminist' era that renders feminism irrelevant to people's contemporary lives this book takes 'feminism', the source of eternal debate, contestation and ambivalence, and situates the term within the popular, cultural practices of everyday life. It explores the intimate connections between the politics of feminism and the representational practices of contemporary popular culture, examining how feminism is 'made sensible' through visual imagery and popular culture representations. It investigates how popular culture is produced, represented and consumed to reproduce the conditions in

which feminism is valued or dismissed, and asks whether antifeminism exists in commodity form and is commercially viable. Written in an accessible style and analysing a broad range of popular culture artefacts (including commercial advertising, printed and digital news-related journalism and commentary, music, film, television programming, websites and social media), this book will be of use to students, researchers and practitioners of International Relations, International Political Economy and gender, cultural and media studies.

**Qualitative Research in the Post-Modern Era** Karyn Cooper, Robert E. White, 2011-11-17 Qualitative Research is changing as a result of postmodern influences which have changed the way research is interpreted and understood. This has prompted questions which have been knocking at the door of qualitative research for some time now: Who is the researcher in this research account? How does the researcher relate to his/her research? How can the researcher who reads qualitative research relate to and understand the nuances and complexities in qualitative research? How can this volume help us to, not only describe, effect and manage change, but help us to understand, imagine and affect policies, practices and procedures related to research? What can we learn from researchers at the top of their stride who have struggled in order to develop qualitative research? The book includes illustrative interviews with world famous scholars. William Pinar, Norman Denzin, Henry Giroux, Zygmunt Bauman and Maxine Greene invite the student to engage reflectively and to figure out the rudiments and connections of research methodology and methods for theses. The developed so called "The Five Contexts" serves as a theoretical framework for conducting, understanding and interpreting qualitative research in a variety of disciplines in this post-modern era .

*Translating Across Cultures* Luminița Frențiu, Hortensia Pârlog, 2014-07-24 Translating Across Cultures is a collection of nine papers given at the 21st BAS/British and American Studies conference, held in Timișoara in May 2011. They focus on translation problems that may arise at various levels, from word to translation unit, when rendering a literary, legal, economic or hybrid text genre into a second language, as well as on some of the methodological issues raised by this process. The papers attempt to give answers to questions including: why or what cultural elements are important when mediating between languages or cultures? What equivalence can be found for certain cultural lexical items, for certain collocations or for business metaphors in the target language? The book also investigates the translation of 21st century 'Newspeak', as well as cases of lexical gaps; reveals similarities and differences in the linguistic expression of various concepts; and suggests possible ways of dealing with certain difficult translation problems.

**The Great Society and the High Tide of Liberalism** Sidney M. Milkis, Jerome M. Mileur, 2005 These essays examine the policies and programs of LBJ's Great Society, and the ideological and political shifts that changed the nature of liberalism. Some essays focus on Lyndon Johnson himself and the institution of the modern presidency, others on specific reform measures, and others on the impact of these initiatives in the following decades.
