The ForeclosureS.com Guide to Advanced Investing Techniques You Won't Learn Anywhere Else Alexis

McGee,2008-03-31 From the cofounder of ForeclosureS.com, this handy guide shows you the inside secrets of successful foreclosure investing that professional investors don't want you to know. It covers three main strategies: buying the deed and taking the title through foreclosure; buying through foreclosure auctions; and buying from REO lender auctions. Together, these three strategies offer big-time profit-making opportunities for first-time and seasoned investors alike. If you want to take the next step to investing success, this is the guide for you.

How to Sell a House When It's Worth Less Than the Mortgage Dwan Bent-Twyford,2009-03-03 Due to the wave of refinancing in recent years, and the fall in home values, in 2009 about 12 million homeowners and investors will be underwater--owing more than their property is worth. This book explains all the options for these homeowners who are trapped with houses they want to get free from, people whose property value has dropped so low that they can't sell the property, people whose mortgage payment has adjusted and now they can't afford the property. In addition to offering advice on subject to's, rentals, leases, loan modifications and more...the book will teach America how to short sale their own home.

Stop Foreclosure Now Lloyd SEGAL,2008-09-15 We've all heard the reports. Americans are losing their homes in record numbers, and the housing crisis seems unlikely to subside anytime soon. Foreclosures affect all kinds of people and all kinds of properties. Many people faced with foreclosure feel helpless and resigned to giving up their homes without even trying to save them. The good news is that with the right advice, homeowners can take control of the situation, avoid foreclosure proceedings, and even protect their credit. Lloyd Segal, mortgage banker, attorney, and real estate investor has spent the last twenty-five years helping homeowners save their houses. In *Stop Foreclosure Now*, he shows readers how to: develop a plan to delay or stop foreclosure • understand the documents involved • negotiate with their lender • use the courts to stop foreclosure and bankruptcy • arrange to refinance their property • sell their property quickly • use military status to stop foreclosure • understand foreclosure laws in all 50 states Timely and indispensable, this guide will help anyone survive the

housing crisis and preserve their most important investment.

For Sale by Owner in California George Devine, 2002 Homeowners can save tens of thousands of dollars by selling a home on their own or with help from a real estate agent. Thoroughly revised and researched, *For Sale By Owner* takes the reader through the entire process, providing practical tips on: -- pricing and marketing -- coordinating the sale of one house with the purchase of another -- attracting buyers with creative financing options -- minimizing the tax consequences of selling a house -- negotiating with buyers -- writing a contract -- going through escrow. This edition is totally updated, and includes all the forms that a seller needs and complete instructions for filling them out.

Decomposing the Foreclosure Crisis Kristopher Gerardi, 2010-06 Estimates a model of foreclosure using a data set that includes every residential mortgage, purchase-and-sale, and foreclosure transaction in Mass. from 1989 to 2008. Addresses the identification issues related to the estimation of the effects of house prices on residential foreclosures. Studies the dramatic increase in foreclosures that occurred in Mass. between 2005 and 2008 and concludes that the foreclosure crisis was primarily driven by the severe decline in housing prices that began in the latter part of 2005, not by a relaxation of underwriting standards. Relaxed underwriting standards severely aggravated the crisis by creating a class of homeowners who were particularly vulnerable to the decline in prices. Charts and tables.
