Taylor Harper

Divine Feminine Energy Taylor Harper, 2025-10-30 How many times have you rewritten that text trying to sound casual? How many times have you convinced yourself you're overthinking when your gut was screaming the truth? How many times have you been the understanding one while he got to be figuring things out? How long have you been waiting for him to choose you the way you've been choosing him? You're not confused. You're not dramatic. You're not too much. You've just been playing a game where only one person knows the rules, and it's not you. Every time you silence what you know to preserve what you hope, you lose a piece of yourself. What This Book Gives You (The Exact Roadmap) □ STEP 1: AWAKENING - Seeing the Truth You've Been Avoiding The 3 masks you wear to stay lovable □ (and why they're killing your authenticity) Why you keep choosing the wrong people (it's not bad luck) The cool girl trap explained □ (and how to escape it) Your feminine essence was never lost—just buried under performance □ STEP 2: HEALING - Making Peace With Your Past The 4 core wounds keeping you stuck □ (abandonment, unworthiness, shame, invisibility) Why your childhood taught you love = sacrifice Reparenting yourself without the spiritual fluff □ Breaking the cycle without blaming anyone (including yourself) □ STEP 3: EMBODIMENT - Becoming Who You Truly Are Reclaiming your body as yours □ (not a performance tool) The difference between feminine energy and people-pleasing □ Desire without apology (what you want matters) Feeling everything without fixing everything □ □ STEP 4: RELATING - Love, Connection and Standards Why your boundaries keep getting crossed □ (hint: they're not actually boundaries) The 5 non-negotiables every high-value woman needs □ How to recognize emotional unavailability in the first week (not the sixth month) Walking away without closure, explanation, or guilt □ □ STEP 5: THRIVING - Manifesting and Creating Your Reality Turning healed energy into actual results □ Why you don't need to manifest him—you need to become her □ Building a life so good you're picky about who gets access □ What sustains transformation when motivation fades □ But First, A Warning □: This Book Is Not For Everyone This book will ask you to look at uncomfortable truths. It will require you to stop performing, stop people-pleasing, and stop making yourself smaller □. If you're looking for quick fixes or easy validation, this isn't for you. But if you're ready to choose yourself even when it's scary □, this book will be your roadmap □. Stop Paying This Price □ Your self-abandonment has cost you enough peace □. Your flexibility has cost you enough respect □. Your fear of being difficult has cost you enough authentic connection □. Everything you need to stop betraying yourself is in these pages □.

Unmasking for Life Devon Price, PhD, 2025-03-25 Live your best, unashamedly unmasked Autistic life with this invaluable resource featuring tools for navigating friendships, family, work, and love, from the author of *Unmasking Autism*. “Unmasking for Life should be read by not only autistic people but their loved ones, to ensure they facilitate a truly fulfilling life.”—Eric Garcia, author of *We’re Not Broken: Changing the Autism Conversation* Most masked Autistics have spent a lifetime being told how to perform neurotypically: how to behave, how to carry themselves, what to feel, and how to live. With his previous book, *Unmasking Autism*, Devon Price, PhD, has given them the space and the tools to unmask and embrace their neurodiversity. But no matter where you are in the unmasking process, there is still work to be done. Unmasking is more than just a personal process of self-acceptance, after all—it also requires figuring out how to move comfortably throughout life building friendships, nurturing family, pursuing love, finding a means of survival, and expressing oneself on one’s own terms. In order to live a brilliantly unashamed Autistic life, you need more than internal healing—you need practical tools of assertiveness and interpersonal effectiveness, and solutions to the problems of ableism and inaccessibility. Enter *Unmasking for Life*, which provides the resources to help you advocate for your needs and invent new ways of living, loving, and being that work with your disability rather than against it. You’ll learn how to develop five key skills for living unmasked in all areas of life: • Acceptance of change, loss, and uncertainty • Engagement in productive conflict, discussion, and disagreement • Transgression of unfair rules, demands, and social expectations • Tolerance of distress, disagreement, or being disliked • Creation of new accommodations, relationship structures, and new ways of living *Unmasking for Life* will help validate and support you so you can move beyond unmasking your Autism and begin unmasking your world.

How To Grieve a Life Interrupted Di Goddard, 2024-10-07 Dealing with the death of a loved one is one of the biggest challenges one can face in life. Whether the loss of your loved one was unexpected, or you’ve known about it for a long time, grief affects everyone in different ways. This book offers you my story, some guidance, and plenty of space to grieve in your own way and explore what you are feeling. While grief isn’t something you fully “recover” from, you can take steps forward toward a new life by rediscovering joy after a loss. In these pages, you will find a blend of personal reflections, practical advice, and comforting words intended to support you through this difficult time. My story (the one where I genuinely cannot believe how many people have died now, it’s taking the piss) is but one of many paths through grief, and I hope that by sharing it, you may find resonance with your own journey. Grief is unique to each person, which is why there is no right or wrong way to do it (but that also makes it super annoying because nobody can tell you what comes next!). This book aims to honour that individuality, providing you with tools and insights that might help you find your own way. Let my super sh*t story (everyone has a story, but people always tend to do that ‘ooo-ummm’ look on their face-thing when they hear mine) be a companion on your journey, offering solace and a safe place to understand what’s in your heart and what the hell is going on. I hope with all my heart that you find some peace in these pages. May they offer you comfort and guide you gently through

Advice for Future Corpses (and Those Who Love Them) Sallie Tisdale, 2019-06-18 A NEW YORK TIMES BOOK CRITICS' TOP 10 BOOK OF THE YEAR "In its loving, fierce specificity, this book on how to die is also a blessedly saccharine-free guide for how to live" (The New York Times). Former NEA fellow and Pushcart Prize-winning writer Sallie Tisdale offers a lyrical, thought-provoking, yet practical perspective on death and dying in *Advice for Future Corpses (and Those Who Love Them)*. Informed by her many years working as a nurse, with more than a decade in palliative care, Tisdale provides a frank, direct, and compassionate meditation on the inevitable. From the sublime (the faint sound of Mozart as you take your last breath) to the ridiculous (lessons on how to close the sagging jaw of a corpse), Tisdale leads us through the peaks and troughs of death with a calm, wise, and humorous hand. *Advice for Future Corpses* is more than a how-to manual or a spiritual bible: it is a graceful compilation of honest and intimate anecdotes based on the deaths Tisdale has witnessed in her work and life, as well as stories from cultures, traditions, and literature around the world. Tisdale explores all the heartbreaking, beautiful, terrifying, confusing, absurd, and even joyful experiences that accompany the work of dying, including: A Good Death: What does it mean to die "a good death"? Can there be more than one kind of good death? What can I do to make my death, or the deaths of my loved ones, good? Communication: What to say and not to say, what to ask, and when, from the dying, loved ones, doctors, and more. Last Months, Weeks, Days, and Hours: What you might expect, physically and emotionally, including the limitations, freedoms, pain, and joy of this unique time. Bodies: What happens to a body after death? What options are available to me after my death, and how do I choose—and make sure my wishes are followed? Grief: "Grief is the story that must be told over and over...Grief is the breath after the last one." Beautifully written and compulsively readable, *Advice for Future Corpses* offers the resources and reassurance that we all need for planning the ends of our lives, and is essential reading for future corpses everywhere. "Sallie Tisdale's elegantly understated new book pretends to be a user's guide when in fact it's a profound meditation" (David Shields, bestselling author of *Reality Hunger*).
