

Torre De Los Alarconcillos

Emilie Sanchez

Los pueblos más bonitos de España Varios autores, 2023-01-13 Callejuelas medievales, miradores sobre el mar, castillos imponentes, paisajes de ensueño, palacios renacentistas... Descubre los cien pueblos más bonitos de España sin perderte ninguno de sus rincones más bellos, su historia y su gastronomía. Este libro te lo describe uno a uno, con fotografías impactantes y recordatorios para que no te pierdas nada esencial.

101 Destinos de España aún más Sorprendentes Pepo Paz Saz, 2022-09-15 101 Destinos de España aún más sorprendentes Tras el éxito de ventas y lectores que supuso 101 Destinos de España Sorprendentes, que alcanza ya la 8a edición, volvemos a hacer las maletas e irnos de viaje por España en busca de aquellos rincones de nuestra geografía todavía más irrepetibles. Porque dentro de nuestras fronteras y, dejando a un lado las propuestas turísticas más tradicionales, hay multitud de posibilidades que nos llevarán a contemplar parajes de ensueño, espectaculares atardeceres, rincones de película, playas apenas conocidas y un patrimonio cultural e histórico irrepetible. Todo ello recogido en un libro ilustrado con espectaculares fotografías al que acompañan textos que sugieren una mirada singular de España. ¿Nos acompañas en este viaje, lector?

Catálogo de fotografías de antigüedades y monumentos de la Real Academia de la Historia (volumen I) Santiago Sáenz Samaniego , Ana Lucía Arbeláez Zapata, Jorge Maier Allende, 2017-04-01 La Real Academia de la Historia asumió desde 1803 la tarea de velar por la conservación del patrimonio monumental de España. Ello implicaba supervisar las campañas de excavaciones arqueológicas y de ordenación de fondos museísticos, competencias que mantuvo hasta después de la Guerra Civil. La tramitación de los correspondientes expedientes obligó a emplear la fotografía como medio de identificación de las piezas, para su adecuada descripción y localización. Por ello, la institución fue generando desde 1850, aproximadamente, hasta la década de los años veinte del pasado siglo, un elevado volumen de fondos fotográficos, que no constituyeron un álbum o repertorio sino un instrumento de trabajo. Los dos volúmenes que ahora tiene el lector en sus manos reúnen un total de 1.414 positivos de diferentes técnicas, que exponen nuestro patrimonio histórico artístico desde la prehistoria hasta la Edad Contemporánea. Toda la geografía nacional está representada, salvo Canarias, Ceuta y Melilla, y la labor de catalogación de estos positivos, en su mayoría provenientes del archivo de la Comisión de Antigüedades de la Real Academia de la Historia, ha obligado a la datación de cada fotografía, técnica utilizada, autoría caso de existir constancia y

descripción de la pieza. Junto a la ordenación por comunidades autónomas, se incorpora un fondo de extranjero así como tres encartes de las piezas más representativas. Esta obra será motivo de disfrute para los aficionados a la arqueología y a la historia de la fotografía, de tal manera que los 1.414 positivos, después de siglo y medio, han trascendido su papel instrumental para convertirse en verdaderos objetos artísticos. ISBN obra completa: 978-84-340-2389-5
