

Benoni Defense Hromdka System

Ensheng Dong

100 Soviet Chess Miniatures P. H. Clarke, 2000-01-01 Tactics, audacity, and speed are the hallmarks of miniature chess ? games played in 25 moves or less. Learn from 100 games played by Soviet chess masters. 99 chess diagrams.

The King's Indian according to Tigran Petrosian Igor Yanvarjov, 2019-05-09 Welcome to Tiger's Den! Tigran Petrosian, the ninth world chess champion, was one of the deepest thinkers the chess world has ever seen. His handling of complex strategic positions was legendary. Now, for the first time, Russian international master Igor Yanvarjov has put together a superb collection of virtually all the known games played by Petrosian - with both colors - in the King's Indian Defense and other closely related Indian structures. The author's objective was, first of all, to reveal the richness of Petrosian's chess world and to follow the strategic development of the King's Indian Defense through the prism of Petrosian's creative work. He does this with the presentation of almost 300 deeply annotated, complete games. Contents include: Preface by Levon Aronian; Foreword by Igor Zaitsev; The Classical Variation; The Sämisch System ; The Fianchetto Variation; The Benoni; Other Systems; Portrait of a Chess Player; Lessons from Petrosian; The Problem of the Exchange; "Furman's Bishop"; "Pawns are the soul of chess"; Playing by Analogy; Maneuvering Battle; Experiments; Realist or Romantic?; The King's Indian with Colors - and Flanks - Reversed; Appendix; Index of Tabiyas; ECO/Opening/Tabiya Indexes. This splendid collection of annotated games will not only have enormous appeal to King's Indian aficionados, but to all chessplayers who wish to expand their understanding of the strategic concepts underpinning the royal game as a whole.

Decisive Games in Chess History Lud?k Pachman, 1987-04-01 International Grandmaster analyzes key games in 65 of the most important matches of the last 100 years. Extensive diagrams and indices.

The British Chess Magazine , 1973

Tal-Botvinnik 1960 Mikhail Tal, 2010-11-12 One of the greatest books ever written about a world championship match. In 1960 Mikhail Botvinnik was the pillar of scientific chess and the ironwilled champion of the world. The young attacking genius Mihail Tal, the Wizard of Riga, put the magic back into the game by defeating Botvinnik with spectacular tactics in one of the most dramatic and celebrated world championship matches of all time. This is Tal's own classic work on the contest. In it he sets the stage and explains every one of the 21 games, telling both the on- and off-the-board story of this titanic clash of styles and thought. Take a trip with the Magician from Riga as he invites you to share his thoughts and

feelings as he does battle for the world title. Mikhail Tal's splendid account of his world championship match victory is one of the masterpieces of the golden age of annotation - before insights and feelings and flashes of genius were reduced to mere moves and Informant symbols. This is simply the best book written about a world championship match by a contestant. That shouldn't be a surprise because Tal was the finest writer to become world champion. - From the Foreword by International Grandmaster Andy Soltis
