Transnational Film Remakes Iain Robert Smith, 2017-03-08 What happens when a film is remade in another national context? How do notions of translation, adaptation and localisation help us understand the cultural dynamics of these shifts, and in what ways does a transnational perspective offer us a deeper understanding of film remaking? Bringing together a range of international scholars, *Transnational Film Remakes* is the first edited collection to specifically focus on the phenomenon of cross-cultural remakes. Using a variety of case studies, from Hong Kong remakes of Japanese cinema to Bollywood remakes of Australian television, this book provides an analysis of cinematic remaking that moves beyond Hollywood to address the truly global nature of this phenomenon. Looking at iconic contemporary titles such as *The Girl with the Dragon Tattoo* and *Oldboy*, as well as classics like *La Bête Humaine* and *La Chienne*, this book interrogates the fluid and dynamic ways in which texts are adapted and reworked across national borders to provide a distinctive new model for understanding these global cultural borrowings.

Fascinatingly Disturbing Alexander Darius Ornella, Stefanie Knauss, 2010-04-07 Michael Haneke is one of Europe's most successful and controversial film directors. Awarded the Palme d'Or and numerous other international awards, Haneke has contributed to and shaped contemporary auteur cinema and is becoming more and more popular among academics and cinephiles. His mission is as noble as it is provocative: he wants to rape the audience into independence, to wake them up from the lethargy caused by the entertainment industry. The filmic language he employs in this mission is both highly characteristic and efficient, and yet his methods are open to criticism for their violence toward and manipulation of the audience. The aim of this book is to analyze critically Haneke's aesthetics, his message, as well as his ethical motivation from an interdisciplinary and intercultural perspective. Contributors to the book come from a variety of academic disciplines and cultural backgrounds-European and North American.

A Comprehensive Encyclopedia of Film Noir John Grant, 2023-09-21 Featuring rumpled PIs, shyster lawyers, corrupt politicians, double-crossers, femmes fatales, and, of course, losers who find themselves down on their luck yet again, film noir is a perennially popular cinematic genre. This extensive encyclopedia describes movies from noir's earliest days – and even before, looking at some of noir's ancestors in US and European cinema – as well as noir's more recent offshoots, from neonoirs to erotic thrillers. Entries are arranged alphabetically, covering movies from all over the world – from every

continent save Antarctica – with briefer details provided for several hundred additional movies within those entries. A copious appendix contains filmographies of prominent directors, actors, and writers. With coverage of blockbusters and program fillers from *Going Straight* (US 1916) to *Broken City* (US 2013) via *Nora Inu* (Japan 1949), *O Anthropos tou Trainou* (Greece 1958), *El Less Wal Kilab* (Egypt 1962), *Reportaje a la Muerte* (Peru 1993), *Zift* (Bulgaria 2008), and thousands more, *A Comprehensive Encyclopedia of Film Noir* is an engrossing and essential reference work that should be on the shelves of every cinephile.

A Companion to Michael Haneke Roy Grundmann, 2010-02-04 *A Companion to Michael Haneke* With a new preface addressing the Academy award-winning film, *Amour*, this new-in-paper edition has established itself as the definitive collection on Michael Haneke—from his early work in television and theater, through his prodigious cinematic output, to his 2009 triumph at Cannes. *A Companion to Michael Haneke* brings together essays by leading film scholars, as well as interviews with the director himself, to probe the provocative and controversial themes that have formed the nucleus of Haneke's work—intergenerational dysfunction and social alienation, colonialism and citizenship, surveillance and pornography, mass culture and media violence. The volume also offers a critical examination of the auteur's oeuvre, including *Three Paths to the Lake*, *Lemmings*, *Benny's Video*, *The Piano Teacher*, *Caché*, *Funny Games*, and the 2009 Palme d'Or winner, *The White Ribbon*.

Halliwel's Film & Video Guide 2004 Leslie Halliwell, 2003 This guide to the film industry from the 1900s to the present day has now been updated with John Walker's critiques of the films that have been turning heads in 2002/3. It delivers all the cast and crew credits, fun trivia and behind-the-scenes information you need on thousands of movies (over 23,000) including hundreds of new ones. This perennial guide also includes plot synopses and critical evaluations, as well as video cassette, laser disc and DVD availability. Reader friendly icons denote films suitable for family viewing, Academy Award Winners and nominees, soundtrack availability and video format compatibility. The guide also contains lists of four-star and three-star films by title and year.

Sex and Sexuality in a Feminist World Karen A. Ritzenhoff, Katherine A. Hermes, 2009 Sex and sexuality are topics that have defined feminism since its inception. What has changed is that there is now a generation of feminists and scholars who are comfortable not only to write in their own disciplines but who incorporate feminist ideas in their research. This book

assembles a variety of essays, most of which were written especially for this collection, that negotiate sex and sexuality in historical contexts as well as in contemporary times. There is a common ground of history and (popular) culture among the articles. While different theories of feminism operate in these essays, feminist lenses have allowed the reevaluation of familiar topics from early religious practices to medieval literature to current films and advertising. The authors represented in this collection range from established feminist and gender scholars to those who employ feminist theoretical frameworks in their respective disciplines.
