Secrets of the Chinese Palace (2010 Edition - EPUB) Lim SK,2018-11-20 For 5,000 years, kings and emperors had ruled China with the palace as their power hub. Yet the common people knew little of the goings-on there, even though court affairs greatly affected their lives. In this book, we unveil the secrets of the Chinese palace. You will learn about the physical palaces of the various dynasties of China although most of them no longer exist. Meet the occupants of the palace: the emperors, empresses, imperial concubines and siblings, eunuchs and many others, and find out how the notable ones altered the course of history. You will be surprised to know that although authority was vested in the emperor, there were numerous occasions when others, such as the empress, concubines, eunuchs and even imperial siblings around him, supplanted his power. Renowned cartoonist Tian Hengyu now relives these stirring tales with the deft strokes of his pen to shed new insights into Chinese history.

The Books Penn Fawn,2023-07-06 In Penn Fawn’s second short story, Solo, its main character, was the only book of its kind its author self-published shortly before he died. Concern about his own mortality prompted Solo to plot an escape from a

paper recycling facility he was taken to, after his deceased author's apartment was cleared, and his books, amongst his other possessions, were either given away, or in Solo's case, was left for garbage collectors to dispose of. This marked the beginning of a daring adventure in which he eventually found a home at the Brooklyn Public Library, a place where his adventure didn't end, but rather, only just began. There was hardly anyone in Brooklyn, or its city, a place called New York, or the state, which was also called New York, or the entire country, for that matter, that knew once a book was created, call it bound, that it was alive. . . . books flapped their pages like butterflies do. The thing is, they were very secretive about it. Exceedingly so. It enabled them to levitate, plus they could steer themselves in whatever direction they had a mind to go. They always waited until it was some ungodly hour of the night or early morning when no one was around before they felt it was safest to fly. This way, their secret would never be discovered.
