**Ian Pickup**

**Planetary Magick** Melita Denning,Osborne Phillips,2011 Planetary magick lies at the root of all astrological, alchemical, and Qabalistic lore. Although the planetary powers of the cosmos are far beyond our intervention, their correspondences in the depths of the psyche are within our reach through certain special meditative and ritual methods.

**Planetary Magick** Melita Denning,Osborne Phillips,1989 Planetary Magick by world-famous occultists, authors, and magicians Melita Denning and Osborne Phillips, serves three purposes. First, if you want more magical information about the planets, this book is for you. For each planet the book includes over sixty-five correspondences, including such things as colors, symbols, elements, music, trees, herbs, incenses, deities from several pantheons, and many, many more. You can use this information to enhance any type of magick you do. All you need to know is the planet your magick is associated with — and you'll even learn how to determine that from this book. You'll even find the appropriate wine for rituals performed with a planetary energy! Denning and Phillips, heads of the well-regarded magical order, the Aurum Solis, tell you how to prepare to do magick. This includes how to set up the altar, design your symbols, and prepare your body and mind. Finally, if you're looking for a complete system of magick, this book includes sixty-five rituals for doing planetary magick! Here you will find sets of rituals (one for each of the seven planets associated with the days of the week) for such things as attuning to the planetary energies; summoning planetary spirits into a magick mirror; and using visions to astrally explore the planetary regions themselves. Planetary magick lies at the root of all astrological, alchemical, and Qabalistic lore. Although the planetary powers of the cosmos are far beyond our intervention, their counterparts in the depths of the psyche are within our reach. This can be done using the special meditative and ritual methods given in this book. If you are looking for something with more depth, for magick with more power, for ways to contact your deepest essence (where you find the source of your personal power), this book is a must. It covers everything down to the color of the robe you should wear while doing magick. It's all here.

**Ogdoadic Magick** Norman R. Kraft,1999-11-30 A credible and meaningful text for the initiate. Aurum Solis includes a clear definition of magic for readers who want to undertake a reliable study of magic, drawing on multiple sources. Ogdoadic magic employs the eightfold star as its symbol of the earnest search for union with the divine. By examining the history of Western civilization to illustrate the esoteric significance of the number eight in Western spiritual traditions, Kraft

establishes the Order Aurum Solis in a 20th Century context.

**Enochian Tarot** Gerald J. Schueler, Betty Schueler, 2002-09 Now you can discover the divinatory power of the Tarot combined with the magickal power of the Enochian system, in *The Truth About the Enochian Tarot* by Gerald and Betty Schueler. People have used the Tarot for centuries as a tool for divination and meditation. Yet, as the human race became more complex, there was a need for an equally evolved Tarot. In 1988 the Enochian Tarot was designed to fill that need. This deck is explained in *The Truth About the Enochian Tarot* by the creators of that deck. In this book you will learn: ·A brief history of the Tarot ·The development of the Enochian Tarot system ·The cosmic planes of Enochian magick ·A brief history of Enochian magick ·Tarot card meanings for the Major Arcana ·Tarot card meanings for the Minor Arcana ·How the Enochian Tarot works Enochian Magick was developed by Dr. John Dee (court astrologer to Queen Elizabeth I) and his psychic partner Edward Kelly. Dee and Kelly discovered—or rediscovered—an ancient language they called the Angelic, or Enochian, language. They were also informed of the subtle invisible worlds (Watchtowers and Aethyrs) that surround the Earth. The magician visits these subtle regions and converses with their inhabitants and rulers. Some people have called the Enochian system the most powerful system of magick available. However, the system is also complex. This has kept many people from tapping into its power. *The Truth About the Enochian Tarot* presents this system and the Tarot in a way that is clear and highly accessible. *The Abecedrian System* Rev. Gretchen A.L. Schork, OCL:AL, 2019-07-04 For a long time, we have been dependent on other cultures to find alphabetic magic for our own lives. In this book, a system is presented that will accommodate every magical technique used with the other alphabets, but using the familiar American alphabet that we all know and use daily. This is a complete handbook for the system. All the parts are described and illustrated for those who wish to explore this new way of bringing magic into the magical practice. While a lot remains to be published in the specifics that are mentioned, this book will give you all the tools to work with the system. If you prefer to apply your own magical alphabet to the system, you can. Correspondences are provided in the Appendix. But here is a way to work with a language you know, with letters you are already acquainted with, in a variety of ways that are new.
