Early Childhood Curricula and the De-pathologizing of Childhood Rachel Heydon, Luigi Iannacci, 2009-04-11

Educators have become increasingly interested in the diverse learning environments of young children and the ways in which children and childhood are positioned within those environments. The documentation and analysis of processes of pathologization and de-pathologization in early childhood may provide scholars with the understanding needed to develop more responsive educational approaches. *Early Childhood Curricula and the De-pathologization of Childhood* examines what is possible for young children when their education addresses their assets and is organized in ways that expand their identity options. Adopting an interdisciplinary approach, Rachel M. Heydon and Luigi Iannacci shed light on the ways in which joint notions of normality and abnormality are used to pathologize childhood. As teachers and educational researchers, they offer first-hand accounts of processes that take individual children and turn them into 'others' who are seen as deficient or 'at risk.' Through a variety of critical, qualitative case studies that examine general literacy education, special education, early childhood education, and intergenerational learning environments, this book highlights the theoretical underpinnings of asset-oriented curricular practices and suggests what is possible for young children when their education begins from and cultivates their funds of knowledge. Written for those interested in improving the lives of children through interdisciplinary studies, this volume offers sustained theoretical engagement that will appeal to educators around the world.

Educators on Diversity, Social Justice, and Schooling Sonya E. Singer, Mary Jane Harkins, 2018-04-30 *Educators on Diversity, Social Justice, and Schooling* identifies categories of privilege and marginalization in the “master narrative” of social discourse and works to bring equity into classrooms across Canada. This timely text challenges students to question the power relations that value one group’s system of knowledge over another and brings this to bear on the classroom environment. This volume features contributions by educators from diverse disciplinary backgrounds and includes chapter-end key questions, additional resources for more information, and suggested activities to engage students in critical thought and to ground concepts of diversity and social justice in practical application. Students in undergraduate and graduate education programs will value the combination of theoretical and practical knowledge that this collection puts forth to foster a new generation of inclusive educators.

Bilingual and ESL Classrooms: Teaching in Multicultural Contexts Carlos J. Ovando,Mary Carol Combs,Virginia P. Collier,2006 Demographic predictions are that students with close connections to their bilingual/bicultural heritages (now labeled "language minority students" by the federal government) will be very large in number in the near future, becoming the majority in many states over the next three decades. The authors feel it is the responsibility of all educators, not just specialists, to prepare themselves to work with language minority students. This time-tested classic text (not an edited

The Elementary School Principal's Calendar Robert Ricken, Michael Terc, Ida Ayres,2001-06 Staff confidence in the principal is earned not only by his or her commitment to educational quality and understanding of the teaching and learning process, but also by the calm, orderly tone of the building's day to day operational mode. Nothing demoralizes a staff more than cancelled meetings, postponed teacher observations and surprises which negate their instructional plans. Concerned that highly intelligent administrators often fail because of their lack of organizational skills, this book stresses the nuts and bolts of the principal's responsibilities. With the monthly calendars, checklists, and sample documents provided in *The Middle School Principal's Calendar*, the elementary school principal will find it easy to organize and keep his or her school running

smoothly.
