Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! **Secrets of the Millionaire Mind** reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking **Secrets of the Millionaire Mind**, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. **Secrets of the Millionaire Mind** is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Summary - Secrets of the Millionaire Mind Mathias Blinc, 2017-03-29 Once there was an ambitious young man. He desperately wanted to be successful and make a fortune. As a twentysomething, he thought he had a lot of potential. He started various businesses, but all failed. He eventually moved back home to live in the basement of his parent's home...for the third time. It was there where he met his epiphany. A friend of his dad visited, saw him, and empathically gave him an advice that he never really considered before: -Rich people think differently. Think rich to get rich.- Fed up with his failures, he put his all in studying how rich people think. He realized that, indeed, the upscale think differently from the middle and lower class. His eyes were opened to the thoughts and beliefs that had been unconsciously holding him back, negating his best efforts. He put his learnings to action. Being into health and exercise, he opened one of the pioneer retail fitness stores in North America. Thinking more long-term, he did not get distracted by short-term success and setbacks. The business succeeded. He sold half of the company shares for \$1,600,000. To think he started the company with just \$2,000...and a change in his way of thinking. He then began business consultancy, starting with a couple of his friends, until he opened a business school and gave seminars all over the continent. His business ventures and investments continue to yield good fruits. People say he has the Midas Touch, turning everything he touches into gold. But he believes his Midas Touch is his success-oriented financial blueprint. This man is T. Harv Eker, and this is his success story. He compiled all his learnings into a 210-page book, and this book that you are holding now provides you a summary, with the most important texts (wealth files, declarations) unabridged from Harv's book. Part One outlines 4 specific steps on how to review and revise your money blueprint. Part Two offers 17 pillars that can spur financial success. Read on and may this condensed version of Harv's book guide you toward financial freedom and abundance.
