Scott Simmon

**The Death of the West** Patrick J. Buchanan, 2002-01-18 Drawing on U.N. population projections, recent U.S. census figures, and expert policy studies, prominent conservative Pat Buchanan takes a cold, hard look at the future decay of Europe and America and the decline of Western culture.

The Death of the West Patrick Joseph Buchanan, 2002 From the Publisher: The national bestseller that shocked the nation—The Death of the West is an unflinching look at the increasing decline in Western culture and power. The West is dying. Collapsing birth rates in Europe and the U. S., coupled with population explosions in Africa, Asia and Latin America are set to cause cataclysmic shifts in world power, as unchecked immigration swamps and polarizes every Western society and nation. The Death of the West details how a civilization, culture, and moral order are passing away and foresees a new world order that has terrifying implications for our freedom, our faith, and the preeminence of American democracy. The Death of the West is a timely, provocative study that asks the question that quietly troubles millions: Is the America we grew up in gone forever?

Buchanan, 2010-04-01 “Everyone’s favorite conservative argues that the decline in the West’s birthrate will lead to a fatal decline in its power.” —Library Journal The West is dying. The Death of the West details how a civilization, culture, and moral order are passing away and foresees a new world order that has terrifying implications for our freedom, our faith, and the preeminence of American democracy. The Death of the West is a timely, provocative study that asks the question that quietly troubles millions: Is the America we grew up in gone forever? “Passionately expressed.” —Publishers Weekly “Buchanan is an honest writer who opens his mind and psyche in a way few people can . . .
