*Mysticism in Newburyport* Peter James Ford, 2023-06-11 MYSTICISM IN NEWBURYPORT is a seven-book series revealing ancient secrets from masters of all cultures along with modern-day breakthroughs by scientists and quantum physicists of our times. These tales began flowing after Peter's powerful spiritual awakening in Newburyport, Massachusetts.

Newburyport is a quaint little, historic seaport on the coast of Massachusetts heading towards New Hampshire. Peter had been sober in the 12-step recovery program for many years and had recovered from his alcoholism. Peter's love of Nature had brought him to the Newburyport area. This area is rich with Nature's treasures, Native American Heritage and many tales from the tall cargo ships of olden days. High street was lined with homes of these Sea Captains. Peter's awakening had given him new eyes and new highly evolved senses. Peter was to have powerful past lives experience with his Mystery Woman guide named Layne. Layne was a mystic that would tell people things about themselves that there was no way she could know. She would look you in the eyes and tell you your deepest secrets. She also knew about the Earth's electromagnetic grids and helped Peter understand what he was experiencing in Newburyport. Peter's new heightened senses could feel the electromagnet flow of energy and the convergence right below Market Square in Newburyport. Market Square was one of the crossroads for these powerful electromagnet energies that gives life to our planet. Peter was to share the secrets that were revealed to him in his writings.

*Know About "Socrates"* Saurabh Singh Chauhan,2023-10-29 Hello, the explorers! Today, we embark on a fascinating journey into the world of Socrates, a wise philosopher from ancient times. Socrates lived in the magical city of Athens, in ancient Greece, and his ideas have shaped the way we think about the world even today. Chapter 1: Early Life and Background of Socrates, Athens in Ancient Greece In this chapter, we'll travel back in time to ancient Athens, where Socrates was born. Athens was a vibrant city, full of thinkers, artists, and scholars. Socrates, though born into a simple family, had a curious mind that craved knowledge and wisdom. Chapter 2: Socrates' Humble Beginnings Socrates didn't have a fancy upbringing, but his love for learning knew no bounds. He spent his days wandering around the city, engaging in thought-provoking conversations with people from all walks of life. Little did he know that these conversations would become the foundation of his teachings. Chapter 3: The Pursuit of Knowledge and Wisdom of Socrates Socrates was like a wise owl, always seeking knowledge. He believed that asking the right questions was the key to finding the truth. He didn't claim to have all the answers but encouraged others to think deeply and explore their beliefs. Chapter 4: Socratic Method - Asking the

Right Questions Ah, the Socratic Method! It's like a magical tool Socrates used in his conversations. He would ask clever questions that made people think hard and examine their own thoughts. This way, he helped them discover what they truly knew and what they didn't. Chapter 5: Conversations of Socrates with the Youth Socrates loved chatting with young people. He believed that they held the seeds of wisdom within them. Through friendly discussions, he guided them to uncover their own thoughts and become better human beings. Chapter 6: What is The Quest for Virtue and the Good Life from Early Human to Now? Have you ever wondered what it means to be good and virtuous? Socrates thought a lot about this! In this chapter, we'll explore his ideas about leading a good and meaningful life. Chapter 7: Defining Virtue and Moral Excellency by Socrates Socrates believed that being virtuous meant being kind, honest, and fair. He encouraged people to focus on their inner qualities and be the best version of themselves. Thank you for joining us on this adventure, and may the spirit of Socrates' wisdom forever shine in your hearts.

Who was Socrates? Socrates was an ancient Greek philosopher, often regarded as the Father of Western Philosophy. He was born in Athens around 469 BCE and lived during a time of great intellectual and cultural flourishing in ancient Greece. Despite leaving no written works of his own, Socrates' ideas and teachings have had a profound and lasting impact on the development of Western philosophical thought. Socrates' life and philosophical approach were marked by a relentless pursuit of wisdom and the search for truth. He believed that true knowledge came from questioning and critically examining one's beliefs and ideas. Instead of claiming to possess great knowledge, Socrates famously said, The only true wisdom is in knowing you know nothing. His method of questioning, known as the Socratic Method, involved engaging in dialogues with others to help them discover their own understanding and arrive at deeper insights. By asking thought-provoking questions, Socrates sought to lead people to a higher level of self-awareness and moral understanding. Socrates' philosophy focused on the importance of virtue and the pursuit of the good life. He believed that living a life of virtue and moral excellence was the key to happiness and fulfilment. Throughout his life, Socrates engaged in conversations with people from all walks of life, including youths and prominent Athenians, inspiring them to think critically and reflect on their values and actions. Despite his significant influence on the intellectual life of Athens, Socrates faced opposition from some elements in society. He was accused of impiety and corrupting the youth, leading to a trial in 399 BCE. Even during his trial, Socrates maintained his commitment to his philosophical principles, refusing to compromise his beliefs or flee into exile. In the end, Socrates was sentenced to death and drank a cup of poisonous hemlock, carrying out the sentence with calmness and courage. His death became a symbol of his integrity and unwavering commitment to his philosophical ideals. Although his life came to a tragic end, Socrates' legacy endured through the writings of his students, particularly Plato and Xenophon. Their accounts of his dialogues and teachings have preserved his wisdom for future generations. Socrates' impact on Western philosophy is immeasurable. His emphasis on critical thinking, self-examination, and the pursuit of truth laid the groundwork for the development of philosophical inquiry. His ideas continue to inspire and challenge thinkers to this day, making him one of the most influential figures in the history of human thought.

*LofDoc: The Story Teller* LofDoc, 2019-07-03 This, my book, LOFDOC THE STORYTELLER, is different than most tomes that you may have encountered. It is different, because it is a veritable smörgåsbord of juicy subjects that I had encountered over the past 92 years of life on this planet; and I feel comfortable, and privileged to share these many stories with you. Over the past many years, I have encountered many situations, that have made me laugh, and some that made me cry - I have reflected those emotions in, a wholesome manner, in my stories, that will allow, you the reader, a few moments, to share those treasured moments of the past with me. We will relive my 67th wedding anniversaries' happiness when we read THE FOREVER DAY; we will re-experience my early year's frustrations when learning to water-ski, and sadly, we will cry when we learn about the trials and tribulations of Alzheimer's disease.

**The Meaning of Life** Christine Bernard, 2021-09-14 In these strange times of viruses, lockdowns and the loss of freedoms we once took for granted, is it time to stop and think about the meaning of life? Inside this book are some funny, surprising and thought-provoking answers from people, like you and me, aged 3 to 100.

Destiny Peter James Ford, 2024-03-04 "DESTINY" is a book recording the continual soul expansion of the seeker, Peter James Ford. Peter's journey began after a powerful spiritual experience in the little historic seaport in Newburyport, Massachusetts. In Peter's late night meditations which were along the Merrimac River, the boardwalk, the Salisbury Reservation on the Atlantic Ocean, Plum Island, Maudsley Estate State Park, Pow Wow Hill (Native American Burial Grounds) and Old Hill Burial Grounds he was having vivid visions in his mind of 'seeming' past life experiences and powerful insights. Peter began seeing the hidden secrets of this quaint little seaport that people never take the time to see. Peter's intuition and senses increased in an almost scary powerful way giving Peter wisdom from unseen sources. One source may be the Akashic Records/Library that is not a physical library but a place in the ethers that contains all the wisdom and knowledge ever known to anyone over the eons. We can access this power through ancient spiritual practices and apparently Peter has done just that. Stories and Tales began flowing from Peter and he wrote his first book. In the last three years Peter has written ten more books and shares everything he has found from his journeys to the inner worlds. Peter wrote a seven-book series under the title "MYSTICISM IN NEWBURYPORT" then the eighth and ninth bonus/companion books called "MYSTIC" & "VISION QUEST." Then "SHAMBHALA'S GHOSTS" was to join the collection of mystical tales. Now you are holding his new writings in your hands. Peter laughingly calls himself "An Unlikely Messenger" as his younger years were nothing resembling anything spiritual. So, here is the story of just another seeker realizing his divinity and returning to his own heart...

**Facts and Other Lies** Ed Coper, 2022-02-01 From fringe conspiracy theories to 'alternative facts', a timely look at how we arrived in the 'fake news' era. Would your younger self believe the news of today? An entire city block blown up by a suicide bomber on Christmas Day because he believed phone towers spread disease. A Representative elected to the US Congress on a platform that Democrats are secretly harvesting an anti-aging chemical from the blood of abused children. Angry rioters in furs and horns overrun the Capitol in a bloody carnage of insurrection. The Prime Minister of Australia employing the wife of his friend who fronts a group the FBI has declared terrorists. A global pandemic which, even as they lie dying from it, people refuse to believe exists. Many who sat in shocked disbelief as these events beamed around the world asked the same question: 'How did we get here?' For those rioters, it was the culmination of a journey of online radicalisation that began with the weaponisation of disinformation by their political leaders and outrageously biased 'news' commentators. *Facts and Other Lies* puts fake news in its historical context and explains how disinformation has fractured society, even threatening democracy itself. It explains why disinformation is so potent and so hard to stop, and what we can do to help prevent its proliferation in Australia - where politicians and shock jocks are already operating from the same dark playbook. It outlines how anyone can defuse disinformation in the home, office or pub, or wherever the deluded gather to spread their nonsense. Be prepared! 'This is a timely account of a growing malignancy affecting all modern democracies' Kevin Rudd, former Prime Minister of Australia 'Ed Coper keenly explains how lying has been normalised in right wing media - both social and mainstream. The Trump-inspired attack on the US Capitol on 6 January is just one consequence. Coper deftly shows us what is to be done and offers some real solutions to restore trust in public discourse.' Malcolm Turnbull, former Prime Minister of Australia 'Fascinating and terrifying . . . illuminates so much about humans and social media' Bri Lee, author of *Who Gets to Be Smart* 'Read this book if you want to save democracy' Wayne Swan, former Deputy Prime Minister of Australia 'Few have mapped our information dystopia more effectively - and entertainingly - than Coper' Bernard Keane, Politics Editor, *Crikey* 'Essential reading for anyone wanting to cut through the nonsense and get to the truth' Eason Jordan, former Chief News Executive, CNN 'We live in a world that unfolds at a pace, and with the violent twists and turns in the plot, of a thriller. This book captures the intensity of our politics and connects it to the science of misinformation . . . a great read' Professor Stephan Lewandowsky, Chair in Cognitive Psychology, University of Bristol
