The Lost Book of Enki Zecharia Sitchin, 2004-08-16 The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

Eden in Sumer on the Niger Catherine Obianuju Acholonu, 2014-01-06 EDEN IN SUMER ON THE NIGER provides archeological, linguistic, genetic, and inscribed evidence of the West African origin of mankind, language, religion and civilization. It provides multidisciplinary evidence of the actual geographical location in West Africa of the Garden of Eden, Atlantis and the original homeland of the Sumerian people before their migration to the Middle East. By translating hitherto unknown pre-cuneiform inscriptions of the Sumerians, Catherine Acholonu and Sidney Davis have uncovered thousands of years of Africa's lost pre-history and evidences of the West African origins of the earliest Pharaohs and Kings of Egypt and Sumer such as Menes and Sargon the Great. This book provides answers to all lingering questions about the African Cavemen (Igbos/Esh/Adamas/Adites) original guardians of the human races, Who gave their genes for the creation of Homo Sapiens (Adam) and were the teachers in the First Age of the world.

The Genesis 6 Conspiracy Gary Wayne, 2020-09-15 Genesis 6 Conspiracy: There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants today, but their bloodlines extend all the way back to the Nephilim—the offspring of angels who mated with human women—described in Genesis 6 when giants roamed the land. Gary Wayne, author of *The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind*, details the role of modern-day Nephilim in Satan’s plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the world that is contrary to the biblical one. This Genesis 6 Conspiracy marches toward the Great Tribulation, when the loyalty of the Terminal Generation—this generation—will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you—and it will challenge you to prepare for the fulfilling of God’s

promises. The End of Days Zecharia Sitchin, 2009-10-13 The groundbreaking, bestselling series—millions of copies sold worldwide! A classic of ancient human history—and one of the inspirations behind the History Channel's Ancient Aliens—Zecharia Sitchin's Earth Chronicles series is the revelatory and deeply provocative masterwork that forever altered humankind's view of our history and our destiny. The fantastic conclusion to the groundbreaking Earth Chronicles series brings together past and present to offer a radical vision of the future Thirty years ago, Zecharia Sitchin challenged established notions of the origins of Earth and man. In a series of provocative books, he offered a radical new theory, based on indisputable documentary evidence, of extraterrestrial beings—the Anunnaki—who arrived eons ago to plant mankind's genetic seed. In this triumphant final volume, he closes the circle, exploring the profound question that has troubled us throughout time—from the Bible's Daniel to Sir Isaac Newton to modern Americans—When will the end come? In *The End of Days*, Sitchin solves ancient enigmas, decipheres the original meaning of religious symbols, analyzes scientific calculations, explores Messianic expectation, and bridges the links between history and prophecy—between the 21st century, A.D. and the 21st century B.C.—to present a startling vision of what is to come for us all.

The Return of Planet-X Jaysen Q. Rand, 2007 The Return of Planet-X is an educational, informational source examining all aspects of this controversial subject including the record of X's Ancient Science of Prophecy, its Phantom Astronomy, Forbidden Archaeology and the Signs Of Its Approach. This book examines the history and prophecy of Earth's many cultures throughout the millennia and their voluminous references to the reality of X's periodic passages. The most current hypothesis used to examine X's next return through the solar system centers around the fact that X's extended orbit (approximately every 3,600 years -- first passing through the solar system then back out again), suggests that its 'destructive cycle' occurs in two phases. The 'first phase' begins with X's initial pass-through in 2009 separated by three years until its 'second phase.' This passage marks X's return leg back into deep space beginning again its 3,600-year-long trek through the heavens. X's last return visit through the solar system most likely coincided with the Hebrew's exodus from Egypt estimated around 1447 BC -- roughly 3,459 years ago. Did God somehow come to Moses' aid by staging a cosmic event that no one today understands? The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012. According to ancient Mayan cosmology, 'time' as we know it on Earth will reach its climax on that date. Written across the scroll of time and space, the author believes Planet-X will first return in 2009 and again in 2012.
