The Tree of Life Stephen B. Machnik, 2021-03-25 What if the literary form of the Bible derived its pattern from the elementary process of creation? Is there an underlying symbolic form to the book? The Tree of Life is an analysis of this form and compares it to the operations of the intellect. These operations are the process by which we come to know what is. It also corresponds to the metaphysical elements, which are the core of our being. What becomes evident is that there is a form to human consciousness.
