Legion of the Damned William C. Dietz, 1993-08-01 The first novel in William C. Dietz's acclaimed Legion of the Damned series... There is one final choice for the hopeless—the terminally ill, the condemned criminals, the victims who cannot be saved: becoming cyborg soldiers in the Legion. Their human bodies are destroyed and they are reborn as living weapons. But when aliens attack the Empire, the Legion must choose sides.

Legion of the Damned Rob Sanders, 2015-09-15 The most mysterious of Space Marines make their presence felt as the Excoriators battle an overwhelming tide of Khorne daemonkin – but are they saviours or harbingers of doom? Following the trajectory of a blood-red comet, the berserk World Eaters blaze a path of destruction across the galaxy in its wake. The small cemetery world of Certus Minor appeals to the Space Marines of the Excoriators Chapter for protection, but the force dispatched to deal with this grim threat is far too small and their losses against the renegades are high. Just as all seems lost, salvation is borne out of legend itself as sinister spectral warriors descend upon this planet of the dead, and the enemies of the Imperium come face to face with those who have already travelled beyond the realm of the living...

The Final Battle William C. Dietz, 2014-06-13 LEGIO PATRIA NOSTRA Far in the future, condemned criminals and the fatally ill have two choices: to die, or to join the Legion of the Damned, an elite fighting force made up of human legionnaires and cyborg soldiers. If they enlist, their bodies will be destroyed and their minds implanted in gigantic armored killing machines, programmed to fight for the Human Empire. Decades ago, the corrupt Imperial government was overthrown and the Hudathans defeated. But peace with such an aggressive alien race could not last, and war has broken out once more. The Hudathans, imprisoned on the very planet they devastated, are on the rise—and this time they have a cyborg army of their own.

From the Ashes William C. Dietz,2023 There was a time when the Confederacy of Sentient beings ruled the galaxy. A time when the Legion of the Damned kept the peace. But no more. Autocrats rose and fell. Now mankind is ruled by a xenophobe named Cassidian, other races have retreated, and an interstellar war is brewing. The kind of war the Legion used to fight. But where are the legionnaires? Retired, some say. Dead, according to others. There are rebels, however, men and women who oppose Cassidian. But they need warships, and warships require pilots, and that's why they purchase Copernicus Synn from a slaver and give him a job. To succeed, Synn will have to deal with pirates, hijack spaceships and battle Cassidian's forces. But Synn will have help from a beautiful gladiator, and if he can find them-The Legion of the Damned.
