*Which Way Is Up?* Susan Gillis Chapman, 2024-06-04 A heartfelt guide for meeting difficult times with mindfulness, compassion, and courage—from a psychotherapist and Buddhist practitioner who learned from her own crisis. Features explorations of the three types of fear and practices to transform into opportunities for personal growth. This heartfelt guide transforms challenging times into surmountable journeys that we can emerge from by learning how to work with—rather than against—fear. Drawing from traditional Buddhist teachings on the bardo, a Tibetan word most often associated with the period between death and rebirth, Buddhist practitioner Susan Gillis Chapman offers guidance for those times when life seems to turn upside down. Amidst such difficulties—whether it's navigating the end of a relationship, a health scare, or other unexpected challenges—the fearful mind tends to panic. But Chapman, informed by her years working as psychotherapist, skillfully intercepts our uncertainty to show how we can let go of assumptions and allow something new to be reborn. Using personal examples from her own bardo crisis—navigating a cancer diagnosis during the pandemic—and offering contemplative prompts for inner-reflection and meditation practices throughout, she demystifies the main kinds of fear people experience and reveals how to meet them with love. This powerful resource will help restore equilibrium when life feels chaotic, and what's more, uncover truly transformative opportunities for personal growth in even the most difficult circumstances.

*The Embers and the Stars* Erazim Kohák, 2015-07-10 It is hard to put this profound book into a category. Despite the author's criticisms of Thoreau, it is more like *Walden* than any other book I have read. . . . The book makes great strides toward bringing the best insights from medieval philosophy and from contemporary environmental ethics together. Anyone interested in both of these areas must read this book.—Daniel A. Dombrowski, *The Thomist* Those who share Kohák's concern to understand nature as other than a mere resource or matter in motion will find his temporally oriented interpretation of nature instructive. It is here in particular that Kohák turns moments of experience to account philosophically, turning what we habitually overlook or avoid into an opportunity and basis for self-knowledge. This is an impassioned attempt to see the vital order of nature and the moral order of our humanity as one.—Ethics

*The Light Through the Leaves* Glendy Vanderah, 2021-04 Go on a powerful journey of forgiveness and healing with *The Light Through the Leaves*, a transcendent novel of love, loss, and self-discovery by the Wall Street Journal bestselling author of *Where the Forest Meets the Stars*. One unbearable mistake at the edge of the forest. In a moment of crisis, Ellis Abbey leaves her daughter, Viola, unattended—for just a few minutes. But when she returns, Viola is gone. A breaking point in an already fractured marriage, Viola's abduction causes Ellis to disappear as well—into grief, guilt, and addiction. Convinced she can only do more harm to her family, Ellis leaves her husband and young sons, burying her desperate ache for her children deeper with every step into the mountain wildernesses she treks alone. In a remote area of Washington, a young girl named Raven keeps secrets inside, too. She must never speak to outsiders about how her mother makes miracles spring from the earth, or about her father, whose mysterious presence sometimes frightens her. Raven spends her days learning how to use her rare gifts—and more important, how to hide them. With each lesson comes a warning of what dangers lie in the world beyond her isolated haven. But despite her mother's cautions, Raven finds herself longing for something more. As Ellis and Raven each confront their powerful longings, their journeys will converge in unexpected and hopeful ways, pulled together by the forces of nature, love, and family.
