For believers looking for a supplement to their quiet time, 100 Prayers Every Christian Should Know offers a glimpse at some of history's most inspired words of prayer. The book will walk you through the words of centuries' worth of the great cloud of witnesses, whose offerings of praise and petitions still ring with importance even now. The prayers cover everything from words for daily faithfulness to offerings of confession, hymns of praise, and prayers to help guide you through life's darkest days. Unlocking a path to a deeper and more vibrant prayer life, 100 Prayers Every Christian Should Know reinforces trust in a timeless God whom believers have been humbled to pray to centuries ago, today, and into the future.

Creativity and Spirituality Earle J. Coleman, 1998-02-27 From the architecture of Frank Lloyd Wright to the rock gardens

of Zen Buddhism, Coleman explores applied, fine, and folk arts in order to uncover points of coalescence between art and religion. Drawing from six living faiths (Buddhism, Christianity, Hinduism, Islam, Judaism, and Taoism), this book philosophically analyzes relations between art and religion in order to explain how the concepts art, beauty, creativity, and aesthetic experience find their place or counterparts in religious discourse and experience. Coleman repeatedly shows that aesthetic ideas can serve as bridges to spiritual categories, as when he relates aesthetic bliss to the peace that passes all understanding. The author follows a three-fold approach; first, he examines ideas and motifs from religious classics in world literature, such as Lao Tzu's Tao Te Ching and The Interior Castle by Teresa of Avila, in order to relate them to aesthetic phenomena. Second, he turns to the statements of artists, such as Leo Tolstoy, Vincent van Gogh, Paul Gauguin, Shih-t'ao, and Wassily Kandinsky, for themes and practices that have religious significance. Third, he analyzes and evaluates the writings of various theoreticians—philosophers, theologians, art critics, sociologists, and psychologists—on the relations between art and religion. Coleman demonstrates, for example, that Martin Buber's I-Thou relationship captures much that is central to art, creativity, and aesthetic experience as well as to religious life. Among the themes that receive sustained treatment are: the varieties of union in art and religion, the child as a paradigm for artists and saints, and creativity as essential to religion. Finally, the author critically weighs proposed distinctions between art and religion and between the broader categories of the aesthetic and the spiritual, rejecting some and showing how others are compatible with his proposal that the aesthetic and the spiritual are cognate categories.

Putting God Back in the Holidays Bill Thrasher, Penny Thrasher, 2010-10-01 Instead of the joy-filled celebrations that we build up in our minds, the holidays (pick one, any one) can often become stress-filled, money-draining, joy-less days of the year that we just want to get through. And it is by our own volition that we have refused too many times to allow our holiday celebrations to be the spiritual experience they are meant to be. This book has been conceived and designed over 30 years as Dr. Bill Thrasher has spoken to thousands of people, helping them realize the spiritual battle that surrounds their celebration of the holidays. Littered with practical thoughts, ideas, experiences, and stories, Putting God Back in the Holidays will help you and your family celebrate holidays and birthdays with biblical truth in mind.
