Adoption and impact of OER in the Global South Cheryl Hodgkinson-Williams, Brazil Arinto, 2017-12-29 Education in the Global South faces several key interrelated challenges, for which Open Educational Resources (OER) are seen to be part of the solution. These challenges include: unequal access to education; variable quality of educational resources, teaching, and student performance; and increasing cost and concern about the sustainability of education. The Research on Open Educational Resources for Development (ROER4D) project seeks to build on and contribute to the body of research on how OER can help to improve access, enhance quality and reduce the cost of education in the Global South. This volume examines aspects of educator and student adoption of OER and engagement in Open Educational Practices (OEP) in secondary and tertiary education as well as teacher professional development in 21 countries in South America, Sub-Saharan Africa and

South and Southeast Asia. The ROER4D studies and syntheses presented here aim to help inform Open Education advocacy, policy, practice and research in developing countries.

Formación de formadores después de Bolonia Ángeles Rubio Gil, Almudena Álvarez Irarreta, 2010 Este manual aborda de una forma exhaustiva y con un estilo cercano, las técnicas, métodos, habilidades y destrezas necesarias para desarrollar adecuadamente el papel del profesorado actual. Ahonda en el saber hacer de la profesión, en sus distintas funciones, modalidades y niveles, dedicando los tres últimos capítulos a la educación superior después de la Declaración de Bolonia de 16 de junio de 1999, con objeto de profundizar en las bases de este proceso de integración en una trayectoria común europea. Sin embargo, este último apartado no es de interés exclusivo de la educación universitaria, por ser éste un proyecto tendente a culminar los ideales precedentes sobre la educación, y que afecta a la concepción de la enseñanza y el aprendizaje en todos los ámbitos de la sociedad. Por ello se ha elaborado un libro accesible, para todo el mundo que quiera perfeccionar la función docente en los centros educativos, la administración, las organizaciones o la empresa; para lo que se ha ubicado cada tema dentro de su marco teórico concreto, con objetivos, prácticas, ejercicios y bibliografía recomendada al final de cada capítulo. Índice Resumido: Enseñanza y aprendizaje. Individuo y grupo en el aula. Programar la formación. La impartición. Oratoria para docentes. Evaluación del aprendizaje. Nuevo marco de la educación superior. El profesorado universitario después de la declaración de Bolonia I, El profesorado universitario después de la declaración de Bolonia II. Ejercicios de autoevaluación resueltos. Glosario. Bibliografía y fuentes. ÁNGELES RUBIO GIL es Doctora en Sociología y Ciencias Políticas por la Universidad Complutense de Madrid.
